

'074 patent, and certain claims of the '867 patent, which was asserted in the 481 investigation. That ID was not reviewed by the Commission. 68 FR 44967 (July 31, 2003).

On November 10, 2003, the ALJ issued an ID (Order No. 38) granting complainant's motion to terminate the *Display Controllers II* investigation with respect to Trumpion. In the same ID the ALJ terminated the investigation with respect to the '922 patent and the '074 patent. That ID was not reviewed by the Commission.

On April 14, 2004, the ALJ issued his final ID ("the 491 Final ID") and recommended determination on remedy and bonding in *Display Controllers II*. The ALJ found a violation of section 337 in the 491 Final ID with respect to respondent MStar, but no violation with respect to respondent MRT.

On May 20, 2004, the ALJ issued an ID on remand in *Display Controllers I* ("the 481 Remand ID"). The ALJ found a violation of section 337 in the 481 Remand ID with respect to both respondents in *Display Controllers I*, MRT and Trumpion.

On May 21, 2004, the Commission issued an order consolidating the 481 and 491 investigations. On July 6, 2004, the Commission determined to review portions of the 481 Remand ID and portions of the 491 Final ID. 69 FR 41846.

On August 20, 2004, the Commission issued a limited exclusion order in which the Commission determined that there was a violation of Section 337 in the unlawful importation and sale by respondents MRT, Trumpion, and MStar of display controllers and products containing same by reason of infringement of, inter alia, claims 2, 33-35, and 36 of the '867 patent. On August 27, 2004, the Commission issued its Opinion ("the 481/491 Opinion," or "Consolidated Opinion") in which it explained the basis for its determination. MStar appealed the Commission's determination on violation relating to the '867 patent to the U.S. Court of Appeals for the Federal Circuit. The Commission's determination was affirmed on May 25, 2006. *MStar v. U.S. Int'l Trade Comm'n*, 2006 WL 1476137 (Fed. Cir. 2006).

On April 24, 2006, complainant Genesis filed a complaint for enforcement proceedings under Commission Rule 210.75. Genesis asserts that respondent MStar has violated the Commission's limited exclusion order by importing its Tsunami display controllers into the United States.

The Commission, having examined the complaint seeking a formal

enforcement proceeding, and having found that the complaint complies with the requirements for institution of a formal enforcement proceeding contained in Commission rule 210.75, has determined to institute formal enforcement proceedings to determine whether MStar is in violation of the Commission's limited exclusion order issued in the investigation, and what, if any, enforcement measures are appropriate. The Commission has directed the ALJ not to consider Genesis' request for monetary penalties for any violation of the limited exclusion order in light of *Certain Lens-Fitted Film Packages*, Inv. No. 337-TA-406 (Consolidated Enforcement and Advisory Opinion Proceedings) Commission Opinion at 12 (June 23, 2003). The following entities are named as parties to the formal enforcement proceeding: (1) Complainant Genesis, (2) respondent MStar, and (3) a Commission investigative attorney to be designated by the Director, Office of Unfair Import Investigations.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in § 210.75 of the Commission's Rules of Practice and Procedure (19 CFR 210.75).

Issued: June 23, 2006.

By order of the Commission.

Secretary to the Commission.
