

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****Receipt of Noise Compatibility Program and Request for Review**

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for McClellan-Palomar Airport under the provisions of 49 U.S.C. 47501 *et seq.* (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act") and 14 CFR Part 150 by the County of San Diego. This program was submitted subsequent to a determination by FAA that associated noise exposure maps submitted under 14 CFR Part 150 for McClellan-Palomar Airport were in compliance with applicable requirements, effective April 26, 2005, which was published in the **Federal Register**, Volume 70, No. 89, page 24671, on May 10, 2005. The proposed noise compatibility program will be approved or disapproved on or before December 17, 2006.

**EFFECTIVE DATE:** The effective date of the start of FAA's review of the noise compatibility program is June 20, 2006. The public comment period ends August 21, 2006.

**FOR FURTHER INFORMATION CONTACT:** Peter Ciesla, Federal Aviation Administration, Western-Pacific Region, Airports Division, P.O. Box 92007, Los Angeles, California, 90009-2007, Telephone: (310) 725-3633. Comments on the proposed noise compatibility program should also be submitted to the above office.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA is reviewing a proposed noise compatibility program for McClellan-Palomar Airport, which will be approved or disapproved on or before December 17, 2006. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the

introduction of additional non-compatible uses.

The FAA has formally received the noise compatibility program for McClellan-Palomar Airport, effective on June 20, 2006. The airport operator has requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act. Preliminary review of the submitted material indicates that it conforms to FAR Part 150 requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before December 17, 2006.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR Part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate or foreign commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration,  
Western-Pacific Region, Airports  
Division, Room 3024, 15000 Aviation  
Boulevard, Hawthorne, California  
90261.

Mr. Peter Drinkwater, Airports Director,  
Department of Public Works, County  
Airports, 1960 Joe Crosson Drive, El  
Cajon, California 92020.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Hawthorne, California, on June 20, 2006.

**Mark A. McClardy**,  
Manager, Airports Division, AWP-600,  
Western-Pacific Region.

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration**

[Docket No. FAA-2006-24508]

**Final General Conformity Determination for Proposed Operations of Southwest Airlines Co. at Denver International Airport, Denver, CO**

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notice of Availability of Final General Conformity Determination.

**SUMMARY:** Pursuant to Section 176(c) of the Clean Air Act Amendments of 1990, the FAA announces the availability of the Final General Conformity Determination for Operations of Southwest Airlines Co. (Southwest) at Denver International Airport (DEN). FAA has determined that emissions from Southwest's operations at DEN conform to the Colorado State Implementation Plan (SIP).

In accordance with the requirements of 40 CFR 93.156 (b), the Draft Conformity Determination, Proposed Operations of Southwest Airlines Co. at Denver International Airport, Denver, CO was made available for public review beginning April 21, 2006. Notice of the draft determination was published in the Rocky Mountain News, Denver, Colorado on April 21, 2006, and copies of the draft determination were made available at DEN. The Notice of Draft General Conformity Determination was published in the **Federal Register** on April 27, 2006 (71 FR 24903).

No comments were submitted during the public comment period, which ended on May 30, 2006. Consequently, the Final General Conformity Determination consists of the Draft General Conformity Determination, with the following typographical corrections. The corrections are needed to clarify terms describing aircraft operations and to correct the reference to the maximum foreseeable aircraft activity used to predict aircraft emissions, as documented in Table 1.

1. Page 24903, last sentence on this page under **SUPPLEMENTARY INFORMATION** shall be revised to read: "At that time Southwest indicated an interest in increasing service to as many as 50 or 60 daily landing/take-off cycles (LTOs) at DEN, but agreed to maintain \* \* \*"

2. Page 24904, second sentence of the last paragraph under **SUPPLEMENTARY INFORMATION** shall be revised to read: "This General Conformity Determination addresses FAA's proposed Federal action to amend

Southwest's operation specifications (OpSpecs) to accommodate future aircraft activity as high as 60 daily LTOs at DEN \* \* \*

3. Page 24904, fourth sentence of the 1st paragraph under Aircraft and Supporting Equipment Emissions shall be revised to read: "Under the Proposed Action scenario, aircraft emissions were quantified based on this maximum foreseeable level and conservatively assumed to occur every day of the year for a total of 21,900 LTOs per year."

**Note:** The above corrections do not impact the analysis or the results. This Notice of Availability of this Final General Conformity determination will also be published in the Rocky Mountain News, Denver, Colorado. Also, the Final Conformity Determination will be available at DEN.

**FOR TECHNICAL INFORMATION CONTACT:** Ms. Joan Seward, All Weather Operations Program Manager, ASW-230.1, FAA SW Region Headquarters, 2601 Meacham Blvd., Fort Worth, TX 76137, telephone (817) 222-5278, e-mail: [Joan.M.Seward@faa.gov](mailto:Joan.M.Seward@faa.gov).

Issued in Washington, DC, on June 26, 2006.

**John M. Allen,**

*Acting Director, Flight Standards Service.*

### Federal Aviation Administration

[Summary Notice No. PE-2006-21]

#### Petitions for Exemption; Summary of Petitions Received

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of petition for exemptions received.

**SUMMARY:** Pursuant to FAA's rulemaking provisions governing the application, processing, and disposition of petitions for exemption, part 11 of Title 14, Code of Federal Regulations (14 CFR), this notice contains summaries of certain petitions seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

**DATES:** Comments on petitions received must identify the petition docket number involved and must be received on or before July 20, 2006.

**ADDRESSES:** Send comments on the petition to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number at the beginning of your comments. If you wish to receive confirmation that the FAA received your comments, include a self-addressed, stamped postcard.

You may also submit comments through the Internet to <http://dms.dot.gov>. You may review the public docket containing the petition, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Dockets Office (telephone 1-800-647-5527) is on the plaza level of the NASSIF Building at the Department of Transportation at the above address. Also, you may review public dockets on the Internet at <http://dms.dot.gov>.

**FOR FURTHER INFORMATION CONTACT:** Jan Thor (425-227-2127), Transport Airplane Directorate (ANM-113), Federal Aviation Administration, 1601 Lind Ave., SW., Renton, WA 98055-4056; or John Linsenmeyer (202-267-5174), Office of Rulemaking (ARM-1), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591. This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC, on June 23, 2006.

**Anthony F. Fazio,**

*Director, Office of Rulemaking.*

#### Petitions for Exemption

*Docket No.:* FAA-2006-25156.

*Petitioner:* Raytheon Aircraft Company.

*Section of 14 CFR Affected:* 14 CFR 25.981.

*Description of Relief Sought:* Raytheon Aircraft Company is seeking a two-year time-limited exemption for compliance with Amendment 25-102 to 14 CFR 25.981 for the Model 4000 type certification program. This program is nearly complete, but will slightly exceed the five-year timeframe established by 14 CFR 21.17. Amendment 25-102 is one of the 14 CFR part 25 rule changes issued since the type certification application date that would now need to be incorporated into the design. The time-limited exemption allows Raytheon Aircraft Company sufficient time to complete analysis, and if required, developed any design changes and retrofit the Model 4000 fleet.

*Docket No.:* FAA-2006-25155.

*Petitioner:* Raytheon Aircraft Company.

*Section of 14 CFR Affected:* 14 CFR 25.1435.

*Description of Relief Sought:* Raytheon Aircraft Company is seeking a twelve (12) month time limited exemption to 14 CFR 25.1435(a)(1), Amendment 104 for the Model 4000 type certification program. This program is nearly complete, however will slightly exceed the 5 year timeframe established by 14 CFR 21.17. Amendment 104 is one of the 14 CFR part 25 rule changes issued since the type certification application date that would now need to be incorporated into the design. The time-limited exemption will allow Raytheon Aircraft Company sufficient time to complete analysis, testing, and if required, develop any design changes and retrofit the Model 4000 fleet.

### Federal Transit Administration

#### Federal Highway Administration

#### Environmental Impact Statement: City and County of Denver, CO

**AGENCIES:** Federal Transit Administration (FTA), Federal Highway Administration, Department of Transportation (DOT).

**ACTION:** Revised Notice of Intent.

**SUMMARY:** The FTA and FHWA are jointly issuing this Revised Notice of Intent to advise the public that the joint Environmental Impact Statement/Section 4(f) Evaluation (EIS/4(f)) for transit and highway improvements in the City and County of Denver, Adams County, and the City of Aurora, Colorado will be revised to create two separate environmental documents. Previously, the transit and highway improvements were being evaluated as part of a combined highway and transit study. Recently, the agencies working on the combined project decided to prepare separate EISs for the different highway and transit project elements. This Revised Notice of Intent provides notice for the separate transit and highway EIS/4(f)s that are being prepared.

#### FOR FURTHER INFORMATION CONTACT:

For transit: Dave Beckhouse, Community Planner, FTA, 12300 West Dakota Avenue, Suite 310, Denver, CO, 80228, Telephone: (720) 963-3306.
