Disclosure of Return Information to the Bureau of Economic Analysis

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains temporary regulations regarding additional items of return information disclosable to the Bureau of Economic Analysis (Bureau) of the Department of Commerce. The text of these temporary regulations serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section of this issue of the Federal Register.

DATES: Effective Date: These temporary regulations are effective July 6, 2006. Applicability Date: For dates of applicability, see § 301.6103(j)(1)-1T(f).

FOR FURTHER INFORMATION CONTACT: Joel D. McMahan, (202) 622-4580 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

Under section 6103(j)(1)(B) of the Internal Revenue Code (Code), upon written request from the Secretary of Commerce, the Secretary of the Treasury shall furnish to the Bureau return information that is prescribed by Treasury regulations for the purpose of, but only to the extent necessary in, structuring of national economic accounts and conducting related statistical activities authorized by law. This document adopts temporary regulations that authorize the IRS to disclose the additional items of return information that have been requested by the Department of Commerce for purposes related to measuring economic change in the U.S. national economic accounts.

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend the Procedure and Administration Regulations (26 CFR part 301) under Code section 6103(j)(1)(B). The temporary regulations contain rules relating to the disclosure of return information reflected on returns to officers and employees of the Department of Commerce for structuring national economic accounts and conducting related statistical activities authorized by law.

Explanation of Provisions

By letter dated December 18, 2003, the Department of Commerce requested that additional items of return information be disclosed to the Bureau for purposes related to measuring economic change in the U.S. national economic accounts. Specifically, the Department of Commerce requested access to return information, obtained from all corporate returns, not just those processed by the IRS's Statistics of Income Division for its corporate sample file. Under this temporary regulation, the IRS will disclose to the Bureau's officers and employees designated items of return information from returns filed by all corporations.

Special Analyses

It has been determined that these temporary regulations are not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. For applicability of

the Regulatory Flexibility Act (5 U.S.C. chapter 6), please refer to the cross-referenced notice of proposed rulemaking published elsewhere in this issue of the **Federal Register**. Pursuant to section 7805(f) of the Code, these temporary regulations will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Draft Information

The principal author of these temporary regulations is Joel D. McMahan, Office of the Associate Chief Counsel (Procedure & Administration), Disclosure and Privacy Law Division.

SUPPLEMENTARY INFORMATION:

I. Background

A. Legislative and Regulatory History

The stated purpose of section 1135 of the Social Security Act (the Act) is to enable the Secretary to ensure, to the maximum extent feasible, in any emergency area and during an emergency period, that sufficient health care items and services are available to meet the needs of enrollees in Medicare, Medicaid, and the State Children's Health Insurance Program (SCHIP). Section 1135 of the Act authorizes the Secretary, to the extent necessary to accomplish the statutory purpose, to temporarily waive or modify the application of certain types of statutory and regulatory provisions (such as conditions of participation or other certification requirements, program participation or similar requirements, or pre-approval requirements) with respect to health care items and services furnished by health care provider(s) in an emergency area during an emergency period.

The Secretary's authority under section 1135 of the Act arises in the event there is an "emergency area" and continues during an "emergency period" as those terms are defined in the statute. Under section 1135(g) of the Act, an emergency area is a geographic area in which there exists an emergency or disaster that is declared by the President according to the National Emergencies Act or the Robert T. Stafford Disaster Relief and Emergency Assistance Act, and a public health emergency declared by the Secretary according to section 319 of the Public Health Service Act. (Section 319 of the Public Health Service Act authorizes the Secretary to declare a public health emergency and take the appropriate action to respond to the emergency, consistent with existing authorities.) Throughout the remainder of this discussion, we will refer to such emergency areas and emergency periods as "section 1135" emergency areas and emergency periods.

When Hurricane Katrina occurred on August 29, 2005, disrupting health care operations and medical residency training programs at teaching hospitals in New Orleans and the surrounding area, the conditions were met for an emergency area and emergency period under section 1135(g) of the Act. Under section 1135 of the Act, the Secretary was then authorized to waive a number of provisions to ensure that sufficient services would be available in the section 1135 emergency area to meet the needs of Medicare, Medicaid, and SCHIP patients. Shortly after Hurricane Katrina occurred, we were informed by

hospitals in New Orleans that the training programs at many teaching hospitals in the city were closed or partially closed as a result of the disaster and that the displaced residents were being transferred to training programs at host hospitals in other parts of the country. For purposes of discussion in this rule, a host hospital is a hospital that trains residents displaced from a training program in a section 1135 emergency area. A home hospital is a hospital that meets all of the following: (1) Is located in a section 1135 emergency area, (2) had its inpatient bed occupancy decreased by 20 percent or more due to the disaster so that it is unable to train the number of residents it originally intended to train in that academic year, and (3) needs to send the displaced residents to train at a host hospital.

In the April 12, 2006 **Federal Register** (71 FR 18654), we published an interim final rule with comment period to modify the Graduate Medical Education (GME) regulations as they apply to Medicare GME affiliations to provide for greater flexibility during times of disaster. Specifically, the interim final rule implemented the emergency Medicare GME affiliated group provisions to address issues that may be faced by certain teaching hospitals in the event that residents who would otherwise have trained at a hospital in an emergency area (as that term is defined in section 1135(g) of the Social Security Act (the Act)) are relocated to alternate training sites. To provide home hospitals with more flexibility to train displaced residents at various sites, and to allow host hospitals to count displaced residents for IME and direct GME, home hospitals may enter into emergency Medicare GME affiliation agreements effective retroactive to the date of the first day of the section 1135 emergency period.

B. Requirements for Issuance of Regulations

Section 902 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) amended section 1871(a)(3) of the Act and requires the Secretary, in consultation with the Director of the Office of Management and Budget, to establish and publish timelines for the publication of Medicare final regulations based on the previous publication of a Medicare proposed or interim final regulation. Section 902 of the MMA also states that the timelines for these regulations may vary but shall not exceed 3 years after publication of the preceding proposed or interim final
