On February 3, 2005, NCTD submitted an additional request for relief from the following elements of Part 223 (Safety Glazing Standards—Locomotive, Passenger Cars and Caboose) and Part 229 (Railroad Locomotive Safety Standards). On April 18, 2006, FRA gave conditional relief concerning Part 233 but denied NCTD's request under part 229 concerning headlight intensity.

The NCTD has further advanced the design of the SPRINTER cars and is requesting relief for regulations from which it hereby seeks waivers: 49 CFR Part 229 Railroad Locomotive Safety Standards, § 229.125(a) [headlights] and § 229.125(d)(2) [auxiliary lights]. Since FRA has not yet completed its investigation of NCTD's petition, the agency takes no position at this time on the merits of NCTD's stated justifications.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings because two public hearings concerning NCTD's waiver requests have been held to date. If any interested party desires an opportunity for oral comment, they should notify FRA in writing within 15 days of the date of this notice, and must specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number 2002-11809) and must be submitted to the Docket Clerk, DOT Docket Management Facility, Room PL-401 (Plaza Level), 400 7th Street, SW., Washington, DC 20590. Communications received within 30 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet

Federal Railroad Administration

Notification of Extension of Comment Period

In accordance with 49 Code of Federal Regulations (CFR) 236.913(e)(1), the Federal Railroad Administration (FRA) gave notice that it had received a petition for approval of a Product Safety Plan (PSP) from BNSF Railway Company (BNSF), submitted pursuant to 49 CFR part 236, subpart H. 71 FR 11014. FRA placed the PSP and supporting documentation in Docket Number FRA-2006-23687. FRA also gave notice that it would accept comments on the petition for approval for the PSP, as required by 49 CFR 236.913(e)(2) for 90 days subsequent to the publication of the notice. That comment period ended on May 31, 2006. FRA is reopening the docket for comment to allow the public time to analyze and comment on revisions to that PSP and supporting documents recently submitted by BNSF in response to the FRA letter of March 8, 2006 (Docket Number FRA-2006-23687-7).

Interested parties are invited to participate in this safety review by providing written information or comments pertinent to FRA's consideration of the above petition for approval of a Product Safety Plan. All communications concerning this safety review should identify the appropriate docket number (e.g., Petition for Approval Docket Number FRA-2006-23687) and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PL-401, Washington, DC 20590-0001.

Communication received within 30 days of the date of this notice will be considered by FRA to the extent practicable. All written communications concerning this safety review are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://dms.dot.gov>.
