11. SSI Monthly Wage Reporting Phase 2 Pilot—20 CFR 416.701-732—0960-0715. Supplemental Security Income (SSI) recipients are required to report changes in their income, resources and living arrangements that may affect eligibility or payment amount. Currently, SSI recipients report changes on Form SSA-8150, Reporting Events—SSI, or to an SSA teleservice representative through SSA's toll-free telephone number, or they visit their local Social Security office. The SSI wage reporting program area has the highest error rate largely due to non-reporting, which accounts for approximately \$500 million in overpayments each year. Consequently, SSA is evaluating methods for increasing reporting. SSA is conducting a pilot to test an additional method for individuals to report wages for the SSI program. We are testing to determine if, given an easily accessible automated format, individuals will increase

compliance with reporting responsibilities. Increased timely reporting could result in a decrease in improper payments. SSA will also be testing the use of knowledge-based authentication to determine if this is an effective method of accessing SSA's system. Lastly, SSA will test recent system enhancements and additional systems enhancements expected in May 2006 that will make reporting easier.

During the pilot, participants who need to report a change in earned income will call an SSA toll-free telephone number to report the change. The participants will access SSA's system using knowledge-based authentication (providing name, SSN and date of birth). Participants will either speak their report (voice recognition technology) or key in the information using the telephone key pad. SSA will issue receipts to participants who report wages using this method. Respondents to this collection are SSI recipients, deemors and representative payees of recipients who agree to participate in the pilot.

Type of Request: Extension of OMB approval.

Number of Respondents: 600.

Frequency of Response: 7.

Average Burden per Response: 5 minutes.

Estimated Annual Burden: 350 hours.

Dated: June 30, 2006.

Reports Clearance Officer, Social Security Administration.
