SUPPLEMENTARY INFORMATION: The NPS prepared a draft GMP/EIS for Pea Ridge, pursuant to the National Environmental Policy Act of 1969. This draft was made available for public review for 60 days (December 2005 to February 2006). Hard copy versions of the draft were distributed, and Pea Ridge made the draft EIS available on the Web, at the park, and in area libraries. A public presentation, attended by 25 participants, was held for the public to discuss and comment on the draft. The consensus of the public during the presentation was that the NPS would pursue the correct path for Pea Ridge by following Alternative 4, the preferred alternative. Comments from public agencies on the draft GMP/EIS will not require the NPS to add other alternatives, significantly alter existing alternatives, or make changes to the impact analysis of effects for any of the alternatives. Thus, an abbreviated format is used for the responses to comments in the final EIS, in compliance with the implementing regulations (40 CFR 1503.4(c) for the National Environmental Policy Act, and the NPS Director's Order 12.

Notice of Availability for the Record of Decision on the final Environmental Impact Statement for the General Management Plan, Fallen Timbers Battlefield and Fort Miamis National Historic Site, Ohio

AGENCY: National Park Service, Department of the Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the Record of Decision for the final General Management Plan and Environmental Impact Statement (GMP/EIS) for the Fallen Timbers Battlefield and Fort Miamis National Historic Site. The Midwest Regional Director approved the Record of Decision for this final GMP/EIS on May 17, 2006. The purpose of the GMP is to set forth the basic

management philosophy for the park and to provide strategies for addressing issues and achieving identified management objectives. The final GMP/EIS described and analyzed the environmental impacts of four alternatives for the future management direction of the park.

The Fallen Timbers Battlefield and Fort Miamis National Historic Site is an affiliated area of the National Park System, managed by the Metropolitan Park District of the Toledo Area. The park consists of three units, the Fallen Timbers Battlefield, the Fallen Timbers State Monument, and Fort Miamis. The park commemorates an important period in the development of the United States and the opening of the northwest frontier. It represents the culminating event that demonstrated the tenacity of the American people in their quest for western expansion and the struggle for dominance in the Old Northwest Territory.

The preferred alternative in the final GMP/EIS was selected for implementation. Under this action, Toledo Metroparks will work with the NPS and other partners to protect cultural resources and interpret historic events. Various types of interpretive programs will be developed to encourage visitors to learn about the importance of the park units and the historic events. Most interpretation will take place at the edges of historic resources in order to ensure their preservation. A new visitor center will be built with local funding near the battlefield, and interpretive programs will cover all three units and the American Indian, British, and American perspectives of the time period. Links will be established between the units. Partnerships will be pursued with a wide variety of agencies and organizations to protect view sheds outside the park and to share programming, information, and materials.

The selected action best protects and preserves Fallen Timbers and Fort Miamis National Historic Site's cultural resources while also providing for visitor understanding and appreciation of the site's historic significance. The preferred alternative will not result in impairment of resources and values. The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, the rationale for why the selected action is the environmentally preferred alternative, a finding of no impairment of park resources and values, and an overview of public involvement in the decisionmaking process.

Notice of Availability of the Record of Decision on the First Ladies National Historic Site General Management Plan Environmental Impact Statement, First Ladies National Historic Site, Ohio

AGENCY: National Park Service, Interior.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, 83 Stat. 852, 853, codified as amended at 42 U.S.C. 4332(2)(C), the National Park Service (NPS) announces the availability of the Record of Decision (ROD) on the final General Management Plan/Environmental Impact Statement (GMP/EIS) for the First Ladies National Historic Site, Ohio. On May 22, 2006, the Regional Director, Midwest Region, approved the ROD for the project. As soon as practicable, the NPS will begin to implement the preferred alternative contained in the final GMP/EIS issued on April 7, 2006.

The following course of action will occur under the preferred alternative. Cultural resources will be preserved and various types of interpretive programs will be developed to encourage visitors to learn about the importance of the First Ladies and the historic events associated with First Ladies. Interpretive programs will focus on the roles of First Ladies in both their public and private lives. Partnerships will be pursued with a wide variety of agencies and organizations to publicize the site and to share programming, information, and exhibits.

Most of the Saxton House (House) will be managed as an historic zone. Visitor access would be limited mostly to interpretive tours. The story of the First Ladies will be interpreted at both the House and the Education and Research Center (ERC). Exhibits of
