#### Marin Islands National Wildlife Refuge Draft Comprehensive Conservation Plan and Environmental Assessment

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** The U.S. Fish and Wildlife Service (Service) announces that the Marin Islands National Wildlife Refuge (Refuge) Draft Comprehensive Conservation Plan and Environmental Assessment (Draft CCP/EA) is available for review and comment. Also available for review with the Draft CCP/EA are the draft compatibility determinations for research and monitoring; wildlife observation and photography; environmental education and interpretive guided tours; and sport fishing.

**DATES:** To ensure that the Service has adequate time to evaluate and incorporate suggestions and other input into the planning process, comments should be received on or before August 21, 2006.

**ADDRESSES:** For information on obtaining documents and submitting comments, see "Review and Comment" under **SUPPLEMENTARY INFORMATION**.

**FOR FURTHER INFORMATION CONTACT:** Christy Smith, Refuge Manager, (707) 769-4200, or Winnie Chan, Refuge Planner, (510) 792-0222.

**SUPPLEMENTARY INFORMATION:** The Draft CCP/EA was prepared pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd *et seq.*) (Improvement Act), and the National Environmental Policy Act of 1969, as amended, and describes how the Service proposes to manage this Refuge over the next 15 years. Refuge management changes proposed in the draft CCP include: Restoration of coastal scrub and oak woodland habitats; opportunities for public use including wildlife observation, photography, interpretation, and environmental education; and cultural resource interpretation and preservation.

The National Wildlife System Administration Act of 1966, as amended by the National Wildlife Refuge Improvement Act of 1997, requires the Service to develop a CCP for each National Wildlife Refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for

achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, the CCP identifies wildlife-dependent recreational opportunities available to the public, which can include opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation.
