AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of an incidental take permit (ITP) and Habitat Conservation Plan (HCP). Cory Palmateer (Applicant) and America's First Home (Applicant) each request an ITP pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The Applicants anticipate taking about 0.4 acre combined of Florida scrub-jay (*Aphelocoma coerulescens*) (scrub-jay) foraging and sheltering habitat incidental to lot preparation for the construction of two single-family homes and supporting infrastructure in Volusia County, Florida (Project). The destruction of 0.4 acre of foraging and sheltering habitat is expected to result in the take of two families of scrub-jays. The Applicants' Habitat Conservation Plans (HCPs) describe the mitigation and minimization measures proposed to address the effects of the Projects to the Florida scrub-jay.

DATES: Written comments on the ITP applications and HCPs should be sent to the Jacksonville Field Office (see **ADDRESSES**) and should be received on or before August 23, 2006.

ADDRESSES: Persons wishing to review the applications and HCPs may obtain a copy by writing the Service's Jacksonville Field Office. Residential construction for Palmateer will take place within Section 09, Township 18, Range 30, Orange City, Volusia County, Florida, on lots 17, 18, and 19, East Dorseys Blue Spring Park. Residential construction for America's First Home will take place within Section 30, Township 18, Range 31, Deltona, Volusia County, Florida, on lot 10, Block 103, Deltona Lakes.
