SUPPLEMENTARY INFORMATION:

Comment: On April 19, 2006, we published in the **Federal Register** (71 FR 20141) a 60-day notice of our intent to request renewal of this information collection authority from OMB. In that notice, we solicited public comments for 60 days. Two comments were received from the public notice. The first comment came from Dr. Michael A. Gibson, The University of Tennessee at Martin, Martin, TN on 24 April 2006. Dr. Gibson requested for his university to partake in the survey, as they have a paleontological collection from past NSF support.

Response: NSF noted this request and confirmed that the University of Tennessee at Martin was included on our list of eligible institutions.

Comment: The second comment came from Ellen Paul, The Ornithological Council, Chevy Chase, MD on 6 June 2006. Ms. Paul requested a copy of the survey to address the anticipated burden. On 8 June 2006, the NSF sent Ms. Paul an electronic copy of the IWGSC Scientific Collections survey. On 16 June 2006, NSF received comments regarding the survey from Ms. Paul.

Response: We responded to her concerns, noting that we had received and incorporated input from the scientific community through correspondence during NSF panel meetings (which are populated from scientists representing a plethora of institutions) and scientific professional society conferences during the creation
