[Docket No. FR-5030-C-21A, 22A]

### Notice of HUD's Fiscal Year (FY) 2006 Notice of Funding Availability, Policy Requirements and General Section to SuperNOFA for HUD's Discretionary Grant Programs; Correction

**AGENCY:** Office of the Secretary, HUD.

**ACTION:** Super Notice of Funding Availability (SuperNOFA) for HUD Discretionary Grant Programs; Correction.

**SUMMARY:** On March 8, 2006, HUD published its Fiscal Year (FY) 2006 SuperNOFA (SuperNOFA), for HUD's Discretionary Grant Programs. This document makes corrections to the notices of funding availability (NOFA) for the Section 202 Supportive Housing for the Elderly Program (Section 202) and the Section 811 Supportive Housing for Persons with Disabilities Program (Section 811). Through this notice, HUD is announcing that it has amended its

requirement for the preparation of Phase I Environmental Site Assessments (ESA) to permit HUD to accept as an acceptable Phase I ESA, either one that had been prepared based on the current American Society for Testing and Material (ASTM) Standard E 1527-05 or the previous Standard E 1527-00. Because the requirement to submit a Phase I ESA is a threshold issue that does not affect an applicant's scoring, HUD is not reopening either the Section 202 or Section 811 competitions and will not accept additional applications.

**DATES:** The application submission dates for the Section 202 and Section 811 programs of the FY2006 SuperNOFA remain as published in the **Federal Register** on March 8, 2006.

**FOR FURTHER INFORMATION CONTACT:** For the programs listed in this notice, please contact the office or individual listed under Section VII of the individual program sections of the SuperNOFA, published on March 8, 2006.

**SUPPLEMENTARY INFORMATION:** On March 8, 2006 (71 FR 11712), HUD published its Notice of HUD's Fiscal Year (FY) 2006, SuperNOFA for HUD's Discretionary Grant Programs. The FY2006 SuperNOFA announced the availability of approximately \$2.2 billion in HUD assistance. On April 28, 2006, HUD published (71 FR 25208), a notice that further clarified the Section 202 and Section 811 NOFAs. This notice published in today's **Federal Register** corrects the Section 202 and Section 811 NOFAs. As described in further detail below, this notice announces that for both the Section 202 and Section 811 programs, HUD will accept as a Phase I ESA, either one that had been prepared based on the current ASTM E 1527-05 or the previous E 1527-00. Since the requirement to submit a Phase I ESA is a threshold issue that does not affect an applicant's scoring, HUD is not reopening either the Section 202 or Section 811 competitions and will not accept additional applications.

### **I. Changes to the Section 202 and Section 811 NOFAs**

HUD is amending its Section 202 and Section 811 NOFAs to permit HUD to accept Phase I ESAs that were prepared in accordance with either the current ASTM E 1527-05 or the previous E 1527-00. This amendment recognizes that the Environmental Protection Agency (EPA), in its final rule entitled, "Standards and Practices for All Appropriate Inquiries" (70 FR 66070, November 1, 2005) provided, that until the rule's effective date, November 1, 2006, either ASTM Standard E 1527-00

or 1527-05 could be used to comply with 40 CFR 312.23 through 312.31, its rules implementing the "all appropriate inquiry" (AAI) requirements of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (42 U.S.C. 9601 *et seq.*).

As a result, HUD decided to be proactive by requiring, in its FY2006 Section 202 and Section 811 NOFAs, that the Phase I ESA be prepared in accordance with ASTM Standard E 1527-05 instead of ASTM Standard E 1527-00. Unfortunately, many Section 202 and 811 applicants and the environmental professionals employed by the applicants misread, misinterpreted or were confused by HUD's revised Phase I requirements and did not perform the Phase I ESAs in accordance with ASTM Standard E 1527-05. HUD has determined, therefore, that it would be in the public's best interest to amend the FY2006 Section 202 and Section 811 NOFAs to permit HUD to accept the Phase I ESA prepared in accordance with either ASTM Standard E 1527-00 or ASTM Standard E 1527-05.

### **II. Summary of Corrections**

**Section 202 Program.** On page 12014, section III.C.2.b.(3)(c)(i), Phase I Environmental Site Assessment (ESA), third column, the requirement that the Phase I ESA be prepared in accordance with the ASTM Standard E 1527-05, as amended, is revised to require, and to permit HUD to accept, Phase I ESAs that have been prepared in accordance with either ASTM Standard E 1527-00 or E 1527-05.

On page 12020, section IV.B.2.c.(1)(d)(vii), A Phase I Environmental Site Assessment (ESA), third column, the requirement that applicants must undertake and complete a Phase I ESA that has been prepared in accordance with ASTM Standard E 1527-05, as amended, and submit it with their Section 202 applications is amended to require, and to permit HUD to accept, Phase I ESAs that have been prepared in accordance with either ASTM Standard E 1527-00 or E 1527-05.

**Section 811 Program.** On page 12035, section III.C.2.b.(3)(d)(i), Phase I Environmental Site Assessment (ESA), third column, the requirement that the Phase I ESA be prepared in accordance with the ASTM Standard E 1527-05, as amended, is revised to require, and to permit HUD to accept, Phase I ESAs that have been prepared in accordance with either ASTM Standard E 1527-00 or Standard E 1527-05.

On page 12043, section IV.B.2.c.(1)(d)(vii), A Phase I

Environmental Site Assessment (ESA), third column, the requirement that applicants must undertake and complete a Phase I ESA that has been prepared in accordance with ASTM Standard E 1527-05, as amended, and submit it with their Section 811 applications is amended to require, and to permit HUD to accept, Phase I ESAs that have been prepared in accordance with either ASTM Standard E 1527-00 or E 1527-05.

Accordingly, in the Notice of HUD's Fiscal Year (FY) 2006, Notice of Funding Availability (NOFA), Policy Requirements and General Section to the SuperNOFA for HUD's Discretionary Grant Programs, beginning at 71 FR 11712, in the issue of March 8, 2006, the following corrections are made.

#### *1. Section 202 Supportive Housing for the Elderly Program.*

On page 12014, third column, revise section III.C.2.b.(3)(c)(i) to read as follows:

(i) *Phase I Environmental Site Assessment (ESA).* You must undertake and submit a Phase I ESA, prepared in accordance with ASTM Standard E 1527-05, as amended, or ASTM Standard E 1527-00, as amended, completed or updated no earlier than six months prior to the application deadline date. The Phase I ESA must be completed and submitted with the application. Therefore, it is important that you start the Phase I ESA process as soon after publication of the SuperNOFA as possible. To help you choose an environmentally safe site, HUD invites you to review the documents "Choosing an Environmentally Safe Site" and "Supplemental Guidance, Environmental Information," which are available on the HUD Web site at <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>.

On page 12020, third column, revise section IV.B.2.c.(1)(d)(vii) to read as follows:

(vii) A Phase I Environmental Site Assessment (ESA), in accordance with ASTM Standards E 1527-05, as amended, or ASTM Standard E 1527-00, as amended, must be undertaken and completed by you and submitted with the application. In order for the Phase I ESA to be acceptable, it must have been completed or updated no earlier than six months prior to the application deadline date. Therefore, it is important to start the site assessment process as soon after the publication of the NOFA as possible.

#### *2. Section 811 Supportive Housing for Persons with Disabilities Program.*

On page 12035, third column, revise section III.C.2.b.(3)(d)(i) to read as follows:

(i) Phase I Environmental Site Assessment (ESA). You must submit a Phase I ESA, prepared in accordance with ASTM Standard E 1527-05, as amended, or ASTM Standard E 1527-00, as amended, completed or updated no earlier than six months prior to the application deadline date in order for the application to be considered as an application with site control. The Phase I ESA must be completed and in your application. Therefore, it is important that you start the Phase I ESA process as soon after publication of the SuperNOFA as possible. To help you choose an environmentally safe site, HUD invites you to review the documents "Choosing an Environmentally Safe Site" and "Supplemental Guidance, Environmental Information," which are available on the HUD Web site at <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>.

On page 12043, first column, revise section IV.B.2.c.(1)(d)(vii) to read as follows:

(vii) A Phase I Environmental Site Assessment (ESA), in accordance with ASTM Standard E 1527-05, as amended, or ASTM Standard E 1527-00, as amended, must be completed and submitted with the application. In order for the Phase I ESA to be acceptable, it must have been completed or updated no earlier than six months prior to the application deadline date. Therefore, it is important to start the site assessment process as soon after the publication of the NOFA as possible.

### Bureau of Land Management

[UT-910-06-1210-PH-24-1A]

#### Call for Nominations for Utah's Resource Advisory Council Vacancy

**AGENCY:** Bureau of Land Management, Department of the Interior.

**ACTION:** Notice of Call for Nominations for the Utah Resource Advisory Council.

**SUMMARY:** The Federal Land Policy and Management Act (FLPMA) (43 U.S.C. 1730) directs the Secretary of the Interior to involve the public in

planning and issues related to management of lands administered by Bureau of Land Management (BLM). Section 309 of FLPMA authorizes the Secretary to establish 10 to 15 member citizen-based advisory councils, whose operation shall be consistent with the requirements of the Federal Advisory Committee Act (FACA). As required by FACA, Resource Advisory Council (RAC) membership must be balanced and representative of the various interests concerned with the management of the public lands. The BLM regulations governing RACs are found at 43 CFR part 1784.

The BLM Utah State Office is hosting a call for nominations for a Transportation/Rights-of-Way position on the Utah RAC. Upon appointment, the individual selected to this position will fill the seat until September 20, 2008, the remainder of this position's term.

**DATES:** BLM will accept public nominations until September 5, 2006. Applicants are requested to submit a completed nomination form and reference letters to the address listed below.

#### FOR FURTHER INFORMATION CONTACT:

Sherry Foot, Special Programs Coordinator, Utah State Office, Bureau of Land Management, 440 West 200 South, Suite 500, Salt Lake City, Utah, 84101; telephone (801) 539-4195.

#### SUPPLEMENTARY INFORMATION:

Individuals may nominate themselves or others. Nominees must be residents of Utah. BLM will evaluate nominees based on their education, training, experience, and their knowledge of the geographical area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision making.

The following must accompany nominations:

- Letters of reference from represented interests or organizations;
- A completed background information nomination form (contact Sherry Foot at (801) 539-4195 to obtain a nomination form); and
- Any other information that highlights the nominee's qualifications.

#### Notice of Public Meetings, Idaho Falls District Resource Advisory Council Meeting and Challis OHV Subgroup Meeting

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of public meetings.

**SUMMARY:** In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Idaho Falls District Resource Advisory Council (RAC), will meet as indicated below.

**DATES:** Two meetings have been scheduled in September 2006. The first will be a meeting of the Off-Highway Vehicle Subgroup of the RAC, which will be an open house at Challis High School, September 6, 2006 from 7 p.m. to 9 p.m. The purpose of the meeting is for the RAC Subgroup to begin gathering public input that will be given to the BLM Challis Field Office as part of its comprehensive Travel Management Plan. The public is encouraged to attend.

The second meeting in September is the RAC's regularly-scheduled quarterly meeting. This will be held September 19-20, 2006 at the BLM Challis Field Office, 801 Blue Mountain Road in Challis, Idaho. The meeting will begin September 19 at 10 a.m. and will conclude before 5 p.m. the following day. Among the scheduled agenda items are a discussion of the proposed BLM/USFS Recreation RACs in Idaho, a review of the OHV Subgroup's September 6 public meeting, a review of the Upper Snake Field Office's interactions with the Idaho National Laboratory on noxious weeds, and field tours of the Bayhorse Townsite and the Thompson Creek Mine. Transportation for the field tours will be provided for RAC members and BLM staff; other individuals wishing to attend should provide their own transportation.

**SUPPLEMENTARY INFORMATION:** The 15-member Council advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in the BLM Idaho Falls District (IFD), which covers eastern Idaho.

All meetings are open to the public. The public may present written
