

judgment funds as well as some settlement funds, but excludes funds held in Individual Indian Money accounts. Both the Act and the regulation state that upon withdrawal of the funds, the Department of the Interior (and the Federal Government) have no further liability for such funds. Accompanying their application for withdrawal of trust funds, tribes are required to submit a Management Plan for managing the funds being withdrawn, to protect the funds once they are out of trust status.

This information collection allows the Office of the Special Trustee to collect the tribes' applications for withdrawal of funds held in trust by the Department of the Interior. If this information were not collected, the Office of the Special Trustee would not be able to comply with The American Indian Trust Fund Management Reform Act of 1994, and tribes would not be able to withdraw funds held for them in trust by the Department of the Interior.

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-7580]

Notice of Denial of License Amendment Request of FMRI, Muskogee, OK, and Opportunity To Request a Hearing

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of denial of license amendment request, and opportunity to request a hearing.

DATES: A request for a hearing must be filed by August 23, 2006.

FOR FURTHER INFORMATION CONTACT: J. C. Shepherd, Project Engineer, Decommissioning Directorate, Division of Waste Management and Environmental Protection, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Mail Stop T7 E18, Washington, DC, 20555, telephone: (301) 415-6712; e-mail: jcs2@nrc.gov; fax number (301) 415-5398.

SUPPLEMENTARY INFORMATION:

I. Introduction

FMRI is the holder of a source material license issued by the U.S. Nuclear Regulatory Commission (NRC) pursuant to 10 CFR Part 40. By letter dated March 31, 2006 (ML060950342), FMRI submitted a license amendment application to the NRC requesting a modification of Materials License SMB-911, Condition 45, for its site located in Muskogee, Oklahoma. Condition 45 requires the licensee to update the financial projections in Tables 15-11 and 15-12 of its approved Decommissioning Plan (DP) from the current year through completion of decommissioning. The request would remove the requirement for updating Table 15-12 and replace it with: "FMRI shall submit * * * Form 10-K for Fansteel Inc. within five business days after filing with the Securities and Exchange Commission and a representative shall be available to the NRC on an annual basis upon timely

request to discuss any matters disclosed in the Form 10-K.” The NRC staff is denying FMRI’s license amendment request because the proposed change does not provide assurance that the NRC will obtain sufficient information about FMRI’s future financial ability to meet its decommissioning obligations under the approved DP, as more fully set forth in the staff’s letter to FMRI dated July 27, 2006 (ML061710551).

II. Opportunity To Request a Hearing

The formal requirements for documents contained in 10 CFR 2.304(b), (c), (d), and (e), must be met. In accordance with 10 CFR 2.304 (f), a document filed by electronic mail or facsimile transmission need not comply with the formal requirements of 10 CFR 2.304(b), (c), and (d), as long as an original and two (2) copies otherwise complying with all of the requirements of 10 CFR 2.304(b), (c), and (d) are mailed within two (2) days thereafter to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff.

In accordance with 10 CFR 2.103(b)(2), a request for a hearing must be filed by August 23, 2006.

6. Provide sufficient information to show that a genuine dispute exists with the applicant on a material issue of law or fact. This information must include

references to specific portions of the license amendment request that the requester/petitioner disputes and the supporting reasons for each dispute, or, if the requester/petitioner believes the request fails to contain information on a relevant matter as required by law, the identification of each failure and the supporting reasons for the requester’s/petitioner’s belief.

Contentions may be amended or new contentions filed after the initial filing only with leave of the presiding officer. Requesters/petitioners should, when possible, consult with each other in preparing contentions and combine similar subject matter concerns into a joint contention, for which one of the co-sponsoring requesters/petitioners is designated the lead representative.

Further, in accordance with 10 CFR 2.309(f)(3), any requester/petitioner that wishes to adopt a contention proposed by another requester/petitioner must do so in writing within ten days of the date the contention is filed, and designate a representative who shall have the authority to act for the requester/petitioner.

In accordance with 10 CFR 2.309(g), a request for hearing and/or petition for leave to intervene may also address the selection of the hearing procedures, taking into account the provisions of 10 CFR 2.310.

III. Further Information

The license amendment request and any information referenced therein may be made available pursuant to a protective order and subject to applicable security requirements upon a showing that the petitioner has an interest that may be affected by the proceeding.
