

value of Polyplex's export sales during the POR. On this basis, we determine the net countervailable subsidy for this program to be 0.03 percent *ad valorem* for Polyplex.

Programs Preliminarily Determined to be Not Used

We preliminarily determine that the producers/exporters of PET film products did not apply for or receive benefits during the POR under the programs listed below:

1. *Duty Entitlement Passbook Scheme (DEPS)*
2. *Electricity Duty Exemption Scheme - State of Maharashtra*

Preliminary Results of Administrative Review

In accordance with 19 CFR § 351.221(b)(4)(i), we have calculated individual subsidy for Jindal and Polyplex for the POR. We preliminarily determine the total estimated net countervailable subsidy to be 13.15 percent *ad valorem* for Jindal and 13.19 percent *ad valorem* for Polyplex.

If the final results of this review remain the same as these preliminary results, the Department intends to instruct CBP, within 15 days of publication, to liquidate shipments of PET film from India entered, or withdrawn from warehouse, for consumption on or after January 1, 2004 through December 31, 2004 at 13.15 percent *ad valorem* for Jindal and at 13.20 percent *ad valorem* for Polyplex.

We will instruct CBP to collect cash deposits for Jindal and Polyplex at the rates indicated above. As discussed above, if we determine in the final results that the Section 80HHC program has been terminated, we will remove the rate for that program from the cash deposit rate for each company. In addition, we will instruct CBP to continue to collect cash deposit rates for non-reviewed companies at the most recent rate applicable to the company.

Public Comment

Pursuant to 19 CFR § 351.224(b), the Department will disclose to parties to the proceeding any calculations performed in connection with these preliminary results within five days after the date of the public announcement of this notice. Pursuant to 19 CFR § 351.309, interested parties may submit written comments in response to these preliminary results. Unless otherwise instructed by the Department, case briefs must be submitted within 30 days after the date of publication of this notice, pursuant to 19 CFR § 351.309(c)(ii). Rebuttal briefs, limited to arguments raised in case

briefs, must be submitted no later than five days after the time limit for filing case briefs, unless otherwise specified by the Department, pursuant to 19 CFR § 351.309(d). Parties who submit argument in this proceeding are requested to submit with the argument: (1) a statement of the issues, and (2) a brief summary of their arguments. Parties submitting case and/or rebuttal briefs are requested to provide the Department copies of the public version on disk. Case and rebuttal briefs must be served on interested parties in accordance with 19 CFR § 351.303(f). Also, pursuant to 19 CFR § 351.310(c), within 30 days of the date of publication of this notice, interested parties may request a public hearing on arguments to be raised in the case and rebuttal briefs. Unless the Secretary specifies otherwise, the hearing, if requested, will be held two days after the date for submission of rebuttal briefs.

Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than 10 days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date the case briefs, under 19 CFR § 351.309(c)(ii), are due. See 19 CFR § 351.305(b)(3). The Department will publish the final results of this administrative review, including the results of its analysis of arguments made in any case or rebuttal briefs.

This administrative review is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR § 351.221(b)(4).

Dated: July 31, 2006.

Availability of Seats for the Hawaiian Islands Humpback Whale National Marine Sanctuary Advisory Council

AGENCY: National Marine Sanctuary Program (NMSP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Hawaiian Islands Humpback Whale National Marine

Sanctuary (HIHWNMS or Sanctuary) is seeking applicants for both primary and alternate members of the following seats on its Sanctuary Advisory Council (Council): Business/Commerce, Citizen-At-Large, Commercial Shipping, Conservation, Ocean Recreation, Tourism, and Whale Watching. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve 2-year terms, pursuant to the Council's Charter.

DATES: Applications are due by August 31, 2006.

ADDRESSES: Application kits may be obtained from Mary Grady, 6600 Kalaniana'ole Hwy., Suite 301, Honolulu, HI 96825 or Mary.Grady@noaa.gov. Completed applications should be sent to the same address. Applications are also available online at <http://hawaiihumpbackwhale.noaa.gov>.

FOR FURTHER INFORMATION CONTACT: Naomi McIntosh, 6600 Kalaniana'ole Hwy., Suite 301, Honolulu, HI 96825 or Naomi.McIntosh@noaa.gov or 808.397.2651.

SUPPLEMENTARY INFORMATION: The HIHWNMS Advisory Council was established in March 1996 to assure continued public participation in the management of the Sanctuary. Since its establishment, the Council has played a vital role in the decisions affecting the Sanctuary surrounding the main Hawaiian Islands.

The Council's twenty-four voting members represent a variety of local user groups, as well as the general public, plus ten local, state and federal governmental jurisdictions.

The Council is supported by three committees: A Research Committee chaired by the Research Representative, and Education Committee chaired by the Education Representative, and a Conservation Committee chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection.

The Council represents the coordination link between the Sanctuary and the state and federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the

humpback whale and its habitat around the main Hawaiian Islands.

The Council functions in an advisory capacity to the Sanctuary Manager and is instrumental in helping to develop policies and program goals, and to identify education, outreach, research, long-term monitoring, resource protection and revenue enhancement priorities. The Council works in concert with the Sanctuary Manager by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Manager in achieving the goals of the Sanctuary program within the context of Hawaii's marine programs and policies.

RIN 0648-ZB55

Availability of Grant Funds for Fiscal Year 2007; Correction

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice; availability of grant funds; correction.

SUMMARY: The National Oceanic and Atmospheric Administration publishes this notice to correct errors contained in a previously published notice of availability of funds (June 12, 2006) for the NMFS-Sea Grant Fellowship Program in Marine Resource Economics, the NMFS-Sea Grant Fellowship Program in Population Dynamics, and the Ballast Water Technology Demonstration Grants Program (Research, Development, Testing and Evaluation Facility). This notice corrects errors concerning the amount of funds available for fellowships, the amount of cost sharing required for those fellowships, and the deadlines for application for those fellowships and grants competitions.

DATES: Final proposals for the Ballast Water Technology Demonstration

Program (Research, Development, Testing and Evaluation Facility) must be received by 5 p.m. EST on Tuesday, December 19, 2006.

SUPPLEMENTARY INFORMATION: In the notice of funding availability published in the **Federal Register** on June 12, 2006 (71 FR 33898) NOAA announced the availability of funding for several grant or cooperative agreement programs. That notice, however, contained several inadvertent errors in the entries for the NMFS-Sea Grant Fellowship Program in Marine Resource Economics, the NMFS-Sea Grant Fellowship Program in Population Dynamics, and the Ballast Water Technology Demonstration Grants Program (Research, Development, Testing and Evaluation Facility). This notice announces the correct information for those programs.

NMFS-Sea Grant Joint Graduate Fellowship Program in Marine Resource Economics and NMFS-Sea Grant Fellowship Program in Population Dynamics

In the June 12, 2006 notice, the entries for the NMFS-Sea Grant Joint Graduate Fellowship Program in Marine Resource Economics, 71 FR 33927, June 12, 2006, and the NMFS-Sea Grant Joint Graduate Fellowship Program in Population Dynamics, 71 FR 33927, June 12, 2006, listed incorrectly the cooperative agreement award amount as \$40,000 per year, and the cost share requirement as \$6,667 per year. These amounts were inaccurately listed due to a typographical error. For both of these fellowships, the correct cooperative agreement award amount is \$38,500 per year, and the correct cost share requirement is \$6,417 per year.

Both of these fellowship announcements also suggested that local Sea Grant programs consider setting an internal deadline one week prior to the application deadline. This statement was in error. The Sea Grant programs do not have a specific time interval and none was intended. The correct suggestion to the local Sea Grant programs is that they consider setting an internal deadline prior to the application deadline for these fellowships.

Ballast Water Technology Demonstration Grants Program (Research, Development, Testing and Evaluation Facility)

The June 12, 2006 notice of funding availability also contained an error in the entry for the Ballast Water Technology Demonstration Grants Program (Research, Development, Testing and Evaluation Facility). The June 12, 2006 notice incorrectly listed

the full proposal deadline as December 19, 2007 (71 FR 33920, June 12, 2006). The correct full proposal deadline is December 19, 2006.

All other requirements and provisions listed in the June 12, 2006 notice for these programs remain unchanged.
