

described above are segregated from all forms of appropriation under the public land laws, including the general mining laws and leasing under the mineral leasing laws, except for lease/conveyance under the Recreation and Public Purposes Act. Interested parties may submit comments regarding the proposed lease/conveyance or classification of the lands until September 22, 2006.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a fire station. Comments on the classification are restricted to whether the land is physically suited for the proposal or any other issues that would be pertinent to the environmental (National Environmental Policy Act of 1969) analysis for this action, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching its classification decision, or any other factor not directly related to the suitability of the land for R&PP use as a fire station.

All submissions from organizations or businesses will be made available for public inspection in their entirety. Individuals may request confidentiality with respect to their name, address, and phone number. If you wish to have your name or street address withheld from public review, or from disclosure under the Freedom of Information Act, the first line of the comment should start with the words "Confidentiality Request" in uppercase letters in order for BLM to comply with your request. Such requests will be honored to the extent allowed by law. Comment contents will not be kept confidential.

Any adverse comments will be reviewed by the State Director, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification of the land described in this notice will become effective on October 10, 2006. The lands will not be available for lease/conveyance until after the classification becomes effective.
