DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

Updated List of the Ports-of-Entry Designated for Departure of Nonimmigrant Aliens Who Are Subject to Special Registration

AGENCY: Bureau of Customs and Border Protection, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice provides the public with an updated list of ports through which nonimmigrant aliens who have been specially registered may depart from the United States. Special registration is required of nonimmigrant aliens whose presence in the United States requires closer monitoring.

EFFECTIVE DATE: This Notice is effective August 18, 2006.

FOR FURTHER INFORMATION CONTACT: Sophie Galvan, Program Manager, Traveler Security and Facilitation Division, Office of Field Operations, Bureau of Customs and Border Protection, 1300 Pennsylvania Avenue, NW., Room 5.4.D, Washington DC 20229.

SUPPLEMENTARY INFORMATION:

Nonimmigrant Aliens Subject To Special Registration Requirements

On August 12, 2002, the Attorney General published a final rule in the **Federal Register** at 67 FR 52584 to revise the special registration requirements for nonimmigrant aliens whose presence in the United States requires closer monitoring. The final rule requires that when a nonimmigrant alien subject to special registration departs from the United States, that immigrant must report to an Immigration and Naturalization Service (INS) inspecting officer at any port-of-entry (POE), unless INS has, by publication in the **Federal Register**, specified that POE as a port from which nonimmigrant aliens subject to special registration may not depart. This rule became effective on October 1, 2002.

On September 30, 2002, the INS published a notice in the **Federal Register** at 67 FR 61352 listing POEs through which nonimmigrant aliens who have been specially registered may depart from the United States. The notice set forth an affirmative list of POEs that could be used by specially registered nonimmigrant aliens rather than specifying ports that could not be used.

On February 19, 2003, the INS published a notice in the **Federal Register** at 68 FR 8047 expanding the list of POEs through which nonimmigrant aliens who have been specially registered may depart from the United States. On February 26, 2003, that notice was corrected by a publication in the **Federal Register** at 68 FR 8967.

As a result of the creation of the Department of Homeland Security, the Bureau of Customs and Border Protection (CBP) now has jurisdiction over the inspections functions of the former INS.

This notice lists all of the POEs that may be used for departure by special registrants. It expands the previously published list by adding seventeen (17) newly designated POEs; this notice also, however, removes one (1) POE from the previous list.

Removal of Port-of-Entry Designated for Final Registration and Departure by Nonimmigrant Aliens Subject to Special Registration

Effective August 18, 2006, the following POE will no longer be authorized to provide final registration and departure by nonimmigrant aliens subject to special registration: Bell Street Pier 66 (Seattle) Cruise Ship Terminal, Washington.

Notice of Where To Report for Final Registration and Departure

The regulations governing the manner in which aliens are registered in the United States are contained in 8 CFR 264.1. Upon registration, whether registered at a POE upon admission to the United States or subsequent to admission, each nonimmigrant alien subject to special registration will be issued an information packet that will list each POE authorized for departure and other instructions on how to comply with 8 CFR 264.1. This packet will also contain specific information regarding hours of operation, directions and contact numbers.

Due to the limited availability of current resources, specifically departure staff and facilities, CBP must limit the POEs authorized for departure registration to effectively capture departure data. As more POEs become available to examine special registrants upon departure, CBP will designate additional POEs by notice in the **Federal Register** and make the list available on the following Web site: <http://www.ice.gov/graphics/specialregistration/WalkawayMaterial.pdf>.

[Docket No. FR-5030-C-31A]

Notice of HUD's Fiscal Year (FY) 2006 Notice of Funding Availability, Policy Requirements and General Section to SuperNOFA for HUD's Discretionary Grant Programs; Additional Information Regarding Applicant Registration

AGENCY: Office of the Secretary, HUD.

ACTION: Super Notice of Funding Availability (SuperNOFA) for HUD Discretionary Grant Programs; Additional Information Regarding Applicant Registration.

SUMMARY: On January 20, 2006, HUD published its Fiscal Year (FY) 2006, Notice of Funding Availability Policy Requirements and General Section (General Section) to the SuperNOFA for HUD's Discretionary Programs. On March 8, 2006, HUD published its Fiscal Year (FY) 2006, SuperNOFA, for HUD's Discretionary Grant Programs. This notice announces a change made to how the Central Contractor Registry (CCR) will capture and use applicant identification data and extends the due date for the Resident Opportunity and Self-Sufficiency (ROSS) Family-Homeownership NOFA. The change contained in this notice does not affect the application packages on Grants.gov. **DATES:** The application submission dates for the Resident Opportunity and Self-Sufficiency (ROSS) Family-Homeownership has been extended from August 8, 2006 to September 8, 2006.

FOR FURTHER INFORMATION CONTACT: Questions regarding the General Section of January 20, 2006, should be directed to the NOFA Information Center between the hours of 10 a.m. and 6:30 p.m. Eastern Time at (800) HUD-8929. Hearing-impaired persons may call 800-HUD-2209. For the programs listed in this notice, please contact the office or individual listed under Section VII of the individual program sections of the SuperNOFA, published on March 8, 2006.

SUPPLEMENTARY INFORMATION: On January 20, 2006 (71 FR 3382), HUD published its FY2006 General Section to the SuperNOFA for HUD's Discretionary Programs. Early publication of the General Section was intended to provide prospective applicants with additional time to become familiar with and address those provisions in the General Section that constitute part of almost every application. On March 8, 2006 (71 FR 11712), HUD published its

Notice of HUD's Fiscal Year (FY) 2006, SuperNOFA for HUD's Discretionary Grant Programs. The FY2006 SuperNOFA announced the availability of approximately \$2.2 billion in HUD assistance. This notice published in today's **Federal Register** announces one change that may affect applicants that have not completed their CCR registration. As this change was recently implemented by CCR, HUD is extending the deadline date for the Resident Opportunity and Self-Sufficiency (ROSS) Family-Homeownership NOFA. The due date for this program has been extended 30 days the ROSS Family-Homeownership applications are due on September 8, 2006.

HUD is extending the due date because of a governmentwide policy change that is being implemented by CCR. Effective August 1, 2006, instead of obtaining name and address information directly from the registrant, CCR will obtain the following data fields from Dun and Bradstreet (D&B): Legal Business Name; Doing Business Name (DBA); Physical Address; Postal Code/ZIP+4. Once implemented, CCR registrants will not be able to enter or modify these fields in CCR because they will be pre-populated using D&B Data Universal Numbering System (DUNS) record data. During a new registration or when updating a record, the registrant will have a choice to accept or reject the information provided from D&B.

Under this revised system, if the CCR registrant agrees with the D&B supplied information, the D&B data will be accepted into the CCR registrant record. If the CCR registrant disagrees with the D&B supplied information, the registrant will need to go to the D&B Web site <http://fedgov.dnb.com/webform> to modify the information contained in the D&B record before proceeding with its CCR registration. When D&B confirms the modification has been made, the registrant must then revisit the Web site, www.ccr.gov and "accept" D&B's changes. Once accepted, the D&B data will be entered into the CCR record. CCR advises that it may take up to two business days for D&B to send the modified data to CCR and that timeframe may be longer in some cases. Registrants may contact D&B Government Helpdesk at: govt@dnb.com. For additional information about the CCR policy change, see the "frequently asked questions" at <http://www.ccr.gov/newsdetail.asp?id=55&type=N> or the CCR Assistance Center Web site at <http://www.dlis.dla.mil/cust.asp>.

Applicants with a current registration are not affected. The CCR policy change affects only those applicants that have
