The Department will disclose calculations performed within five days of the date of publication of this notice to the parties of this proceeding, in accordance with 19 CFR 351.224(b). An interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). Any hearing, if requested, will be held 44 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs, limited to issues raised in case briefs, may be filed no later than five days after the time limit for filing the case briefs, unless the Department alters this time limit. See 19 CFR 351.309(d). Parties who submit arguments are requested to submit with the argument (1) a statement of the issue, and (2) a brief summary of the argument. Further, parties submitting written comments are requested to provide the Department with an additional copy of the public version of any such comments on diskette. Pursuant to 19 CFR 351.213(h), the Department intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, or at a hearing, if requested, within 120 days of publication of these preliminary results.

Assessment Rate

Pursuant to 19 CFR 351.212(b), the Department calculated an assessment rate for each importer of the subject merchandise. Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.5 percent), the Department will issue appraisal instructions directly to CBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where appropriate, to calculate the entered value, we subtracted international

movement expenses (e.g., international freight) from the gross sales value.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the period of review produced by companies included in these preliminary results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the All-Others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

To calculate the cash deposit rate for each producer and/or exporter included in this administrative review, we divided the total dumping margins for each company by the total net value for that company's sales during the review period.

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of pasta from Italy entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 11.26 percent, the All Others rate established in the LTFV investigation. See *Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta from Italy*, 61 FR 38547 (July 24, 1996).

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and increase the subsequent assessment of the antidumping duties by the amount of antidumping duties reimbursed.

These preliminary results of this administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Continuation of Antidumping Duty Order: Stainless Steel Wire Rods From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty order on stainless steel wire rods from India would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing notice of continuation of this antidumping duty order.

EFFECTIVE DATE: August 8, 2006.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith or Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5255 and (202) 482-1391, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On July 1, 2005, the Department initiated and the ITC instituted a sunset review of the antidumping duty order on stainless steel wire rods from India pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year (Sunset) Reviews*, 70 FR 38101 (July 1, 2005) and *Stainless Steel Wire Rod from Brazil, France and India*, Investigation Nos. 731-TA-636, 731-TA-637, and 731-TA-638 (Second Review), 70 FR 38207 (July 1, 2005).

As a result of its review, the Department found that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping, and notified the ITC of the magnitude of the margins likely to prevail were the order to be revoked. See *Stainless Steel Wire Rods from Brazil, France and India: Notice of Final Results of Five-year (Sunset) Reviews of Antidumping Duty Orders*, 70 FR 67447 (November 7, 2005). The ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on stainless steel wire rods from India would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See USITC Publication 3866 *Stainless Steel Wire Rod from Brazil, France and India, Investigations Nos. 731-TA-636-638 (Second Review)* (July 2006) and *Stainless Steel Wire Rod From Brazil, France, and India* (Inv. Nos. 731-TA-636-638) 71 FR 42118 (July 25, 2006).

Scope of the Order

Imports covered by this order are certain stainless steel wire rods (SSWR) from India. SSWR are products which are hot-rolled or hot-rolled annealed and/or pickled rounds, squares, octagons, hexagons, or other shapes, in coils. SSWR are made of alloy steels containing, by weight 1.2 percent or less of carbon and 10.5 percent of chromium, with or without other elements. These products are only manufactured by hot-rolling and normally sold in coiled form, and are solid cross-section. The majority of SSWR sold in the United States are round in cross-section shape, annealed and pickled. The most common size is 5.5 millimeters in diameter.

The merchandise subject to this order is currently classifiable under subheadings 7221.00.0005, 7221.00.0015, 7221.00.0030, 7221.00.0045, 7221.00.0075 of the Harmonized Tariff Schedule of the

United States (HTSUS).¹ The HTSUS subheadings are provided for convenience and customs purposes. The written description remains dispositive.

Determination

As a result of the determinations by the Department and the ITC that revocation of this antidumping duty order would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on stainless steel wire rods from India. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to sections 751(c)(2) and 751(c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this order not later than June 2011.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act.

Dated: August 1, 2006.

Stainless Steel Sheet and Strip in Coils From Germany; Notice of Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from Allegheny Ludlum, North American Stainless, United Auto Workers Local 3303, United Steelworkers, and Zanesville Armco Independent Organization, Inc. (collectively, petitioners) and the collapsed

¹ The merchandise subject to the scope of these orders was originally classifiable under all of the following HTS subheadings: 7221.00.0005, 7221.00.0015, 7221.00.0020, 7221.00.0030, 7221.00.0040, 7221.00.0045, 7221.00.0060, 7221.00.0075, and 7221.00.0080. HTSUS subheadings 7221.00.0020, 7221.00.0040, 7221.00.0060, 7221.00.0080 are no longer contained in the HTSUS.

respondents ThyssenKrupp Nirosta GmbH (ThyssenKrupp Nirosta), ThyssenKrupp VDM GmbH (TKVDM), and ThyssenKrupp Nirosta Prazisionsband GmbH (TKNP) (collectively, TKN), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on stainless steel sheet and strip in coils (S4) from Germany. The review covers exports of the subject merchandise to the United States produced by TKN. The period of review (POR) is July 1, 2004, through June 30, 2005.

We preliminarily find that TKN made sales at less than normal value during the POR. If these preliminary results are adopted in our final results of this review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties based on the difference between the constructed export price (CEP) and normal value (NV).

Interested parties are invited to comment on these preliminary results. Parties who submit arguments in this proceeding are requested to submit with the arguments: (1) a statement of the issues, (2) a brief summary of the arguments (no longer than five pages, including footnotes) and (3) a table of authorities.

EFFECTIVE DATE: August 8, 2006.
