BILLING CODE 6712-01-M

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[DA 06-1465]

Radio Broadcasting Services; Hemet, California

AGENCY: Federal Communications Commission.

ACTION: Final rule; denial of petition for reconsideration.

SUMMARY: This document denies two Petitions for Reconsideration filed by Southern California Public Radio and Maranatha Ministries of Hemet directed to the staff letters dated March 18, 2004, returning their Petitions for Rule Making requesting the reservation of vacant FM Channel 273A at Hemet, California for noncommercial educational use. With this action, the proceeding is terminated.

FOR FURTHER INFORMATION CONTACT: Rolanda F. Smith, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Memorandum Opinion and Order*, adopted July 26, 2006, and released July 28, 2006. The full text of this decision is available for inspection and copying during normal business hours in the FCC Reference Information Center at Portals II, CY-A257, 445 12th Street, SW., Washington, DC 20554. The complete text of this decision may also be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC 20554, telephone 1-800-378-3160 or <http://www.BCPIWEB.com>. The Commission will not send a copy of this *Memorandum Opinion and Order* pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A), because the aforementioned petition for reconsideration was denied.

Federal Communications Commission.

John A. Karousos,

Assistant Chief, Audio Division, Media Bureau.

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[DA 06-1484; MB Docket No. 05-184]

Radio Broadcasting Services; Aspen and Leadville, CO

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Audio Division, on its own motion, deletes Channel 228A at Leadville, Colorado to resolve existing distance spacing conflicts. It is Commission policy to refrain from maintaining an allotment in instances where there are no *bona fide* expressions of interest.

DATES: Effective September 5, 2006.

ADDRESSES: Federal Communications Commission, 445 Twelfth Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Rolanda F. Smith, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Report and Order*, MB Docket No. 05-184, adopted July 19, 2006, and released July 21, 2006. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's Reference Information Center, 445 Twelfth Street, SW., Washington, DC 20554. The complete text of this decision may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY-B402, Washington, DC, 20554, telephone 1-800-378-3160 or <http://www.BCPIWEB.com>. The Commission will send a copy of this *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[DA 06-1487; MB Docket No. 05-305; RM-11137; RM-11248]

Radio Broadcasting Services; Lometa and Richland Springs, TX

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: At the request of Charles Crawford, the Audio Division allots Channel 253A at Lometa, Texas, as that community's second local FM transmission service. To accommodate the Lometa allotment, Channel 235A is substituted for vacant Channel 252A at Richland Springs, Texas. Channel 253A is allotted at Lometa with a site restriction of 11.7 kilometers (7.3 miles) northwest of the community at coordinates 31-18-45 NL and 98-26-45 WL. Channel 235A is substituted for vacant Channel 252A at Richland Springs, at Petitioner's requested site 9.4 kilometers (5.8 miles) southwest of the community at coordinates 31-12-30 NL and 99-00-45 WL. A filing window period for Channel 253A at Lometa will not be opened at this time. Instead, the issue of opening this allotment for auction will be addressed by the Commission in a subsequent Order.

DATES: Effective September 5, 2006.

ADDRESSES: Secretary, Federal Communications Commission, 445 Twelfth Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Victoria M. McCauley, Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Report and Order*, MB Docket No. 05-305, adopted July 19, 2006, and released July

21, 2006. At the request of Charles Crawford, the Audio Division allots Channel 253A at Lometa, Texas, as that community's second local FM transmission service. To accommodate the Lometa allotment, Channel 235A is substituted for vacant Channel 252A at Richland Springs, Texas. 70 FR 70777 (November 23, 2005). BILLING CODE 6712-01-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

49 CFR Part 572

[Docket Number NHTSA-2006-25258]

Denial of Petition Regarding 49 CFR Part 572, Subpart O, Hybrid III Fifth Percentile Small Adult Female Crash Test Dummy

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Denial of petition for rulemaking.

SUMMARY: This document denies a petition submitted by First Technology Safety Systems (FTSS) on December 30, 2002. The petition asked the agency to revise drawing dimensions for the Hybrid III 5th Female (HIII-5F) chest jacket to reflect the physical part manufactured by FTSS.

FTSS did not provide any data showing that these slight dimensional differences would affect the dummy's performance, nor did FTSS provide any justification for changing NHTSA's drawing specifications in CFR Section 49, Part 572 Subpart O drawings to FTSS's suggested specifications. Revising the Agency's drawing specifications to FTSS's suggested specifications appears to provide little to no benefit. Furthermore, FTSS did not claim they are unable to meet NHTSA's current drawing specifications. Accordingly, the agency finds no basis to revise the drawings as requested by FTSS.

FOR FURTHER INFORMATION CONTACT: For technical issues: Mr. Sean Doyle, NHTSA Office of Crashworthiness Standards. Telephone: (202) 366-1740. Facsimile: (202) 493-2739

For legal issues: Mr. J. Edward Glancy, NHTSA Office of the Chief Counsel. Telephone: (202) 366-2992. Facsimile: (202) 366-3820.

Both officials can be reached by mail at the National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590.

Issues Raised in the Petition

FTSS, a manufacturer of crash test dummies, petitioned NHTSA to amend the specifications of CFR Section 49, Part 572, Subpart O, "Hybrid III Fifth Percentile Small Adult Female Crash Test Dummy," to correct claimed specification errors on two chest jacket drawings in the NHTSA drawing package. The drawings were published in support of the amended CFR Section 49 Part 572 on March 1, 2000 (65 FR

10968), which added the Hybrid III fifth percentile (HIII-5F) dummy to Part 572. Specifically, FTSS petitioned for "dimensional corrections to drawing number 880105-355-E, Sheets 1 and 2" in order to accurately reflect the physical part. FTSS states that "during the development phase of the HIII-5F dummy (about 1990), there was some dissatisfaction with the routing of the shoulder belt over the chest flesh and particularly the relationship of the belt and the breast representations." FTSS made a manufacturing decision at that time to "lower the breasts for improved belt routing, and the molds were modified accordingly." However, FTSS did not inform NHTSA of their decision to modify the breast location, and therefore NHTSA did not reflect this change during the Part 572 rulemaking. Dummies manufactured by FTSS since that time are inconsistent with the drawings in the CFR Section 49, Part 572 Subpart O for the HIII-5F dummy. According to FTSS, they have manufactured and delivered over 387 HIII-5F chest flesh assemblies as part of a whole dummy or as replacement parts since the HIII-5F dummy's introduction. FTSS has used the same molds for the manufacture of all the chest flesh assemblies since the dummy's introduction, and they claim that all manufactured chest flesh assemblies are geometrically identical.

Analysis of Petition

FTSS did not provide any data in their petition showing that these slight height differences in the breast location would affect the dummy's impact performance, but rather stated that the performance *may* change. Nevertheless, NHTSA performed a number of comparative tests between the FTSS's chest flesh assembly and Denton's chest flesh assembly, which follows the specified drawing dimensions. This testing was done to better evaluate FTSS's claim that the dimensional differences between NHTSA's drawings and FTSS's chest flesh assembly "could result in a change in the performance of the dummy." NHTSA also thoroughly reviewed prior agency testing done with both FTSS's and Denton's chest flesh assemblies. The agency records did not find any instances where the petitioned dimensional differences in the breast height location had any significant effects on the HIII-5F dummy's performance as long as the belt restraints were properly positioned as per FMVSS No. 208 (the shoulder belt is allowed to self-position on the torso). Similar conclusions were reached by Transport Canada, which found that when the shoulder belt is allowed to lie
