Security Zone, Mackinac Bridge and Straits of Mackinac, Mackinaw City, MI

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a permanent security zone

approximately one quarter mile on each side of the Mackinac Bridge in the Straits of Mackinac near Mackinaw City, MI. This security zone will place navigational and operational restrictions on all vessels transiting through the Straits area, under and around the Mackinac Bridge, located between Mackinaw City, MI, and St. Ignace, MI.

DATES: This rule is effective August 31, 2006.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD09-06-019 and are available for inspection or copying at Sector Sault Ste. Marie between 8 a.m. (local) and 4 p.m. (local), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have further questions on this rule, contact CDR R. Stephenson, Prevention Department Chief, Sector Sault Ste. Marie, MI at 906-635-3220.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On May 24, 2006, we published a notice of proposed rulemaking (NPRM) entitled Security Zone, Mackinac Bridge and Straits of Mackinac, Mackinaw City, MI in the **Federal Register** (71 FR 29873). We received no letters commenting on the proposed rule. No public hearing was requested, and none was held. Under 5. U.S.C. 553(d)(3) the Coast Guard finds good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Specifically, delaying this rule would be contrary to the public interest of ensuring the safety of pedestrians in the event of an accidental or intentional bridge allision by a vessel.

Background and Purpose

The Mackinac Bridge Walk is held on Labor Day of each year. At this annual event participants are permitted to walk the five mile distance of the Mackinac Bridge from St. Ignace, MI, to Mackinaw City, MI. The purpose of this security zone is to protect pedestrians during the event from accidental or intentional vessel to bridge allision.

Because this is an annual event, the Coast Guard is enacting a permanent security zone that will be in effect Labor Day of each year.

Discussion of Comments and Changes

No comments were received by the Coast Guard as a result of the request for comments in our NPRM. Therefore, we made no changes from the proposed rule.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has not been reviewed by the Office of Management and Budget under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule may affect the following entities, some of which may be small entities: The owners or operators of vessels which may be intending to transit or anchor in a portion of the Straits of Mackinac on Labor Day between 6 a.m. (local) and 11:59 p.m. (midnight) (local).

This rule will not have a significant impact on a substantial number of small entities because the restrictions affect only a limited area for a brief amount of time in a limited area. Further, transit through the zone may be permitted with proper authorization from the Captain of the Port or his designated representative. Additionally, the opportunity to engage in activities outside the limits of the safety zone will not be disrupted.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on actions of Federal employees who enforce, or otherwise determine

compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically

excluded, under figure 2-1, paragraph (34)(g), of the Instruction, from further environmental documentation. This temporary rule establishes a security zone and as such is covered by this paragraph.

A final "Environmental Analysis Check List" and a final "Categorical Exclusion Determination" are available in the docket where indicated under **ADDRESSES**. Comments on this section will be considered before we make the final decision on whether the rule should be categorically excluded from further environmental review.
