Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act, the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party for a review of an AD duty order which shows changed circumstances sufficient to warrant a review of the order. As noted above, on July 17, 2006, petitioners requested, in accordance with 19 CFR 351.216(b), that the Department revoke the order with respect to API grade X-80 having an outside diameter of 21 inches, and with a wall thickness of 0.625 inch or more because they lack interest in continuation of the order with respect to this product. Therefore, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(b), we are initiating a changed circumstances review. Although petitioners have expressed a lack of interest in the order with respect to the product in question, they did not claim that they represent substantially all of the production of the domestic like product, nor has the Department made such a determination. Therefore, the Department is not, at this time,

preliminarily revoking the AD order with respect to the product in question pursuant to 19 CFR 351.222(g)(1)(i). Interested parties are invited to comment on this initiation, or to demonstrate whether petitioners, other domestic interested parties, or other producers of LDLP account for substantially all of the production of the domestic like product.

Public Comment

Interested parties may submit comments that the Department will take into account in the preliminary results of this review. The due date for filing any such comments is no later than 15 days after publication of this notice. Responses to those comments may be submitted not later than seven days following submission of the comments. All written comments must be submitted in accordance with 19 CFR 351.303.

The Department will publish in the **Federal Register** a notice of preliminary results of changed circumstances reviews in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth the Department's preliminary factual and legal conclusions. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results. The Department will issue its final result of review in accordance with the time limits set forth in 19 CFR 351.216(e).

This notice is published in accordance with sections 751(b)(1) and of the Act and section 351.221(b) of the Department's regulations.

Dated: August 7, 2006.

Joseph A. Spetrini,

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will convene a series of 8 public hearings regarding Amendment 14 to the Snapper Grouper Fishery Management Plan. Amendment 14 will establish a series of 8 marine protected areas (MPAs) in Federal waters off the South Atlantic to protect a portion of the population and habitat of long-lived, slow-growing, deepwater snapper grouper species (snowy grouper, misty grouper, speckled hind, yellowedge grouper, warsaw grouper, golden tilefish, and bluefin tilefish) from directed fishing pressure. Proposed as "Type II" MPAs, fishing for and possession of snapper grouper species would be prohibited in the area, but fishermen would be allowed to troll for pelagic species such as tuna, mackerel, and billfish. Amendment 14 includes alternatives for the use of Vessel Monitoring Systems as an enforcement tool for the MPAs.

Additionally, the Council intends to work closely with NOAA Fisheries' Highly Migratory Species Division to prohibit the use of bottom longlines by shark fishermen in the proposed MPAs.

DATES: The public hearings will be held in September 2006. Written comments must be received in the Council office by close of business on September 29, 2006. See **SUPPLEMENTARY INFORMATION** for the specific dates and times of the public hearings.
