ENVIRONMENTAL PROTECTION AGENCY

[FRL-8209-4]

Clean Water Act Section 303(d): Availability of List Decisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability.

SUMMARY: This action announces the availability of and requests public comment on EPA decisions identifying water quality limited segments and associated pollutants in Massachusetts to be listed pursuant to Clean Water Act section 303(d)(2). Section 303(d)(2) requires that states submit and EPA approve or disapprove lists of waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards and for which total maximum daily loads (TMDLs) must be prepared.

On June 21, 2006, EPA partially approved and partially disapproved Massachusetts' 2004 submittal. Specifically, EPA approved Massachusetts' listing of 734 water body segments, associated pollutants and priority rankings. EPA disapproved Massachusetts' decision not to list ninety (90) water quality limited segments impaired for mercury. EPA identified these additional water body segments, pollutants, and priority rankings for inclusion on the 2004 section 303(d) list.

EPA is providing the public the opportunity to review its decision to add waters and pollutants to Massachusetts' 2004 section 303(d) list, as required by EPA's Public Participation regulations. EPA will consider public comments in reaching its final decision on the additional water bodies and pollutants identified for inclusion on Massachusetts' final list.

DATES: Comments must be submitted to EPA on or before September 13, 2006.

ADDRESSES: Comments on the proposed decisions should be sent to Michael Hill, U.S. Environmental Protection Agency, EPA New England Regional

Office, One Congress Street, Suite 1100 (CWQ), Boston, MA 02114-2023, telephone (617) 918-1398, e-mail address hill.michael@epa.gov. Oral comments will not be considered.

FOR FURTHER INFORMATION CONTACT: Michael Hill at (617) 918-1398 or hill.michael@epa.gov. Copies of the proposed decisions explaining EPA's rationale for its partial approval and partial disapproval of Massachusetts' submittal can be obtained from the EPA Web site at <http://www.epa.gov/ne/eco/tmdl/impairedh2o.html> or by writing or calling Mr. Hill at the above address. Underlying documentation comprising the record for these decisions is available for public inspection at the above address.

SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act (CWA) requires that each state identify those waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards. For those waters, states are required to establish TMDLs according to a priority ranking.

EPA's Water Quality Planning and Management regulations include requirements implementing section 303(d) of the CWA (40 CFR 130.7). The regulations require states to identify every two years water quality limited waters still requiring TMDLs. The lists of waters still needing TMDLs must also include priority rankings and must identify the waters targeted for TMDL development during the next two years (40 CFR 130.7(d)).

Consistent with EPA's regulations, Massachusetts submitted to EPA its final listing decisions under section 303(d)(2) on April 19, 2005. On June 21, 2006, EPA approved Massachusetts' listing of 734 water body segments and associated priority rankings. EPA disapproved Massachusetts' decision not to include 90 water bodies impaired for mercury. EPA identified these additional waters and pollutants along with priority rankings for inclusion on the 2004 section 303(d) list. EPA solicits public comment on its decision to include the 90 lakes and ponds impaired for mercury on Massachusetts' 2004 section 303(d) list.

Dated: July 24, 2006.

Kenneth Moraff,

Deputy Director, Office of Ecosystem Protection, New England Regional Office.

Purpose

The Farm Credit Administration (FCA or Agency) Board reaffirms its commitment to Equal Employment Opportunity (EEO) and Diversity (EEOD) and its belief that all FCA employees should be treated with dignity and respect. The Board also provides guidance to Agency management and staff for deciding and taking action in these critical areas.

Importance

Unquestionably, the employees who comprise the FCA are its most important resource. The Board fully recognizes that the Agency draws its strength from the dedication, experience, and diversity of its employees. The Board is firmly committed to taking whatever steps are needed to protect the rights of its staff and to carrying out programs that foster the development of each employee's potential. We believe an investment in efforts that strongly promote EEOD will prevent the conflict and the high costs of correction for taking no, or inadequate, action in these areas.

The Farm Credit Administration (FCA) Board Adopts the Following Policy Statement:

It is the policy of the FCA to prohibit discrimination in Agency policies, program practices, and operations. Employees, applicants for employment, and members of the public who seek to take part in FCA programs, activities, and services will be treated fairly. FCA, under the appropriate laws and regulations, will:

- Ensure equal employment opportunity based on merit and qualification, without discrimination because of race, color, religion, sex, age, national origin, disability, sexual orientation, status as a parent, genetic information, or participation in discrimination or harassment complaint proceedings;

- Provide for the prompt and fair consideration of complaints of discrimination;

- Make reasonable accommodations for qualified applicants for employment and employees with physical or mental disabilities under law;

- Provide an environment free from harassment to all employees;

- Create and maintain an organizational culture that recognizes, values, and supports employee and public diversity;

- Implement affirmative programs to carry out this policy; and

- Develop objectives within the strategic planning process to meet the goals of EEOD and, to the extent practicable, seek to encourage the Farm Credit System to continue its efforts to promote and increase diversity.

Diversity

The FCA intends to be a model employer. That is, as far as possible, FCA will build and maintain a workforce that reflects the rich diversity of individual differences evident throughout this Nation. The Board views individual differences as complementary and believes these differences enrich our organization. When individual differences are respected, recognized, and valued, diversity becomes a powerful force that can contribute to achieving superior results. Therefore, we will create, maintain, and continuously improve on an organizational culture that fully recognizes, values, and supports employee diversity. The Board is committed to promoting and supporting an inclusive environment that provides to all employees, individually and collectively, the chance to work to their full potential in the pursuit of the Agency's mission. We will provide everyone the opportunity to develop to his or her fullest potential. When a barrier to someone achieving this goal exists, we will strive to remove this barrier.

Affirmative Employment

The Board reaffirms its commitment to ensuring FCA conducts all of its employment practices in a nondiscriminatory manner. The Board expects full cooperation and support from everyone associated with recruitment, selection, development, and promotion to ensure such actions are free of discrimination. All employees will be evaluated on their EEOD achievements as part of their overall job performance. Though staff commitment is important, the role of supervisors is paramount to success. Agency supervisors must be coaches and are responsible for helping all employees develop their talents and give their best efforts in contributing to the mission of the FCA.

Workplace Harassment

It is the policy of the FCA to provide a work environment free from unlawful discrimination in any form, and to protect all employees, male or female, from any form of harassment, either physical or verbal. The FCA will not tolerate harassment in the workplace for any reason. The FCA also will not tolerate retaliation against any employee for reporting harassment or for aiding in any inquiry about reporting harassment.

Disabled Veterans Affirmative Action Program (DVAAP)

A disabled veteran is defined as someone who is entitled to compensation under the laws administered by the Veterans Administration or someone who was discharged or released from active duty because of a service-connected disability.

The FCA is committed to increasing the representation of disabled veterans within its organization. Our Nation owes a debt to those veterans who served their country, especially those who were disabled because of service. To honor these disabled veterans, the FCA shall place emphasis on making vacancies known to and providing opportunities for employing disabled veterans.

Responsibilities

The Chairman and Chief Executive Officer (CEO) is ultimately responsible for developing and carrying out all EEOD requirements and initiatives in accordance with laws and regulations to fulfill diversity initiatives in approved program plans.

To help in fulfilling these responsibilities the CEO, or designee, will select individuals to fill the following positions:

- An EEO Director;
- Special Emphasis Program Managers required by law or regulation; and

- EEO Counselors in sufficient number to ensure the needs of each Agency office are met.

Individuals selected for these positions will:

- Perform duties as determined by the CEO, and as formally expressed in position descriptions or individual performance rating elements, as appropriate;

- Serve on a collateral-duty basis—the CEO will decide the percent of time devoted to these collateral duties, which may be adjusted over time as circumstances and program requirements dictate;

- Attend appropriate training in the areas they have responsibility for; and

• Develop, monitor progress on, report on, and periodically update program plans in their respective areas of responsibility.

The CEO or EEO Director may also establish standing committees to deal with specific issues as they arise. The Head of each Agency office will provide support to the individuals identified above on an as needed basis upon request from the EEO Director.

Adopted this 13th day of July 2006 by Order of the Board.

Dated: August 8, 2006.

Roland E. Smith,

Secretary, Farm Credit Administration Board.
