Admiral Foundry, Formerly The Admiral Machine Company, Wadsworth, OH; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated August 1, 2006, the International Union, United Automobile, Aerospace & Agricultural Implement Workers of America, Region 2-B (Union), requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of Admiral Foundry, formerly the Admiral Machine Company, Wadsworth, Ohio (subject firm). The Department's determination was issued on June 28, 2006, and was published in the **Federal Register** on July 17, 2006 (71 FR 40551).

In the request for reconsideration, the Union states that the subject firm produced both castings and molds used in the tire industry. The determination states that the subject firm produces cast aluminum tire molds.

The petition (dated June 9, 2006) filed by the Union on behalf of workers at the subject firm states that the subject facility produces "castings & molds for tire industry."

The Department has carefully reviewed the Union's request for reconsideration and has determined that the Department will conduct further investigation based on new information provided.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 9th day of August 2006.

Minnesota Rubber, a Quadion Company, Mason City, IA; Notice of Revised Determination of Alternative Trade Adjustment Assistance on Reconsideration

By letter dated August 1, 2006, a duly authorized representative of the State of Iowa requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA). The certification for Trade Adjustment Assistance (TAA) was signed on July 21, 2006. The Notice of determination will soon be published in the **Federal Register**.

Workers' eligibility to apply for ATAA was denied based on the Department's finding in the initial investigation that the workers at Minnesota Rubber, A Quadion Company, Mason City, Iowa (subject firm) possess skills that are easily transferable.

New information provided by the Iowa Workforce Development supports the subject firm's statement that the workers separated from the subject firm are having difficulty finding jobs.

More than five percent of the workforce at the subject firm is at least fifty years of age. Competitive conditions within the industry are adverse.
