

the HIRWG. This minority report is now being submitted for public comment.

DATES: Comments on this minority report must be submitted by 5 p.m. EDT on September 15, 2006.

ADDRESSES: The Minority Report of the HIRWG will be available on the NOAA Science Advisory Board Web site at http://www.sab.noaa.gov/reports/HIRWG_Minority_Report_0806.pdf. For reference, the preliminary report may also be viewed at <http://www.sab.noaa.gov/Reports/Reports.html>.

The public is encouraged to submit comments electronically to noaa.sab.comments2@noaa.gov. For individuals who do not have access to a computer, comments may be submitted in writing to: NOAA Science Advisory Board (SAB) c/o Dr. Cynthia Decker, Silver Spring Metro Center Bldg 3 Room 11117, 1315 East-West Highway, Silver Spring, Maryland 20910.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm. 11117, 1315 East-West Highway, Silver Spring, Maryland 20910. (Phone: 301-713-9121, Fax: 301-713-3515, E-mail: Cynthia.Decker@noaa.gov) during normal business hours of 9 a.m. to 5 p.m. Eastern Time, Monday through Friday, or visit the NOAA SAB Web site at <http://www.sab.noaa.gov>.

SUPPLEMENTARY INFORMATION: The report of the HIRWG is composed pursuant to the request from the Under Secretary of Commerce for Oceans and Atmosphere to the SAB to conduct an external review of NOAA's hurricane intensity research and development enterprise. This review addresses questions and proposes recommendations regarding the appropriateness of the mix of scientific activities conducted and/or sponsored by NOAA to its mission and on the organization of NOAA hurricane intensity research and science enterprise.

The minority report of the HIRWG has been drafted to provide additional viewpoints to the majority report of the HIRWG. The minority report provides alternative ideas regarding modeling and prediction activities, observations and data collection, laboratory experiments, and NOAA's organization in relation to hurricane intensity research and development.

The SAB is chartered under the Federal Advisory Committee Act and is the only Federal Advisory Committee with the responsibility to advise the Under Secretary on long- and short-term strategies for research, education, and application of science to resource management and environmental assessment and prediction.

NOAA welcomes all comments on the content of the minority report. We also request comments on any inconsistencies perceived within the report and possible omissions of important topics or issues. For any shortcoming noted within the draft report, please propose specific remedies. This minority report is being issued for comment only and is not intended for interim use. Suggested changes will be incorporated where appropriate, and a final report will be posted on the SAB Web site.

Please follow these instructions for preparing and submitting comments. Using the format guidance described below will facilitate the processing of reviewer comments and assure that all comments are appropriately considered. Please provide background information about yourself on the first page of your comments: your name(s), organization(s), area(s) of expertise, mailing address(es), telephone and fax numbers, and e-mail address(es). Overview comments on the section should follow your background information and should be numbered. Comments that are specific to particular pages, paragraphs or lines of the section should follow any overview comments and should identify the page numbers to

which they apply. Please number all pages and place your name at the top of each page.

Dated: August 9, 2006.

Mark E. Brown,
Chief Financial Officer/Chief Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Spain – Turbine Engines

The Government of Spain has requested a possible sale of 43 T55-GA-714A Turbine Engines, modification and fielding kits, test equipment, technical assistance, spare and repair parts, and other related elements of logistics support. The estimated cost is \$73 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by helping to improve the military capabilities of Spain and furthering standardization and interoperability with U.S. forces.

Spain needs these engines to replace those used in the CH-47 Chinook aircraft supporting coalition operations. The proposed sale will enhance Spain's ability to continue to engage in coalition warfare along with the U.S. Army. Spain will have no difficulty absorbing these additional engines into its armed forces.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be Honeywell International of Phoenix Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any U.S. Government or contractor representatives to Spain.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
