

5408 and products classified in HTSUS chapter 58 should be modified to allow the use of non-North American filament yarns of cellulose acetate.

The President may proclaim a modification to the NAFTA rules of origin only after reaching an agreement with the other NAFTA countries on the modification. CITA hereby solicits public comments on this request, in particular with regard to whether filament yarn of cellulose acetate of HTSUS heading 5403 can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by September 20, 2006 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Martin J. Walsh, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-2818.

SUPPLEMENTARY INFORMATION:

Authority: Section 204 of the Agricultural Act of 1956, as amended (7 USC 1854); Section 202(q) of the North American Free Trade Agreement Implementation Act (19 USC 3332(q)); Executive Order 11651 of March 3, 1972, as amended.

BACKGROUND:

Under the NAFTA, NAFTA countries are required to eliminate customs duties on textile and apparel goods that qualify as originating goods under the NAFTA rules of origin, which are set out in Annex 401 to the NAFTA. The NAFTA provides that the rules of origin for textile and apparel products may be amended through a subsequent agreement by the NAFTA countries. See Section 202(q) of the NAFTA Implementation Act. In consultations regarding such a change, the NAFTA countries are to consider issues of availability of supply of fibers, yarns, or fabrics in the free trade area and whether domestic producers are capable of supplying commercial quantities of the good in a timely manner. The NAFTA Implementation Act provides the President with the authority to proclaim modifications to the NAFTA rules of origin as are necessary to implement an agreement with one or more NAFTA country on such a modification. See section 202(q) of the NAFTA Implementation Act.

On July 21, 2006 the Government of the United States received a request from the Government of Mexico alleging that filament yarn of cellulose acetate, classified in heading 5403 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be

supplied by the Mexican industry in commercial quantities in a timely manner and requesting that the governments of Canada and the United States consult to consider whether the NAFTA rule of origin for woven fabrics classified under HTSUS heading 5408 and products classified in HTSUS chapter 58 should be modified to allow the use of non-North American filament yarns of cellulose acetate.

CITA is soliciting public comments regarding this request, particularly with respect to whether filament yarn of cellulose acetate can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be received no later than September 20, 2006. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that filament yarn of cellulose acetate can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer stating that it produces filament yarn that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Department of Defense established TRICARE Prime as a managed-care option, similar to a civilian HMO (health maintenance

organization). Active duty service members are required to be enrolled in TRICARE Prime or TRICARE Prime Remote. They must take action to enroll by filling out the appropriate enrollment form and submitting it to the Managed Care Support Contractor (MCSC). TRICARE Prime is also available to other TRICARE beneficiaries who are also required to fill out the appropriate enrollment or disenrollment forms. TRICARE Prime enrollee's health care is coordinated by a primary care manager (PCM) whom could be a part of a military treatment facility, a civilian network or TRICARE Prime Remote where eligible. In order to carry out this program, it is necessary that certain beneficiaries electing to enroll/disenroll in TRICARE Prime, TRICARE Prime Remote or change a PCM complete an enrollment application request. Completion of the enrollment form is an essential element of the TRICARE Prime program.
