

Veterans Hall, 2685 North Nimitz Highway, Honolulu, Oahu, Hawaii.

3. Saturday, September 16, 2006, 4 p.m.–8 p.m., Hilo Hawaiian Hotel, 71 Banyan Drive, Hilo, Hawaii, Hawaii.

4. Monday, September 18, 2006, 4 p.m.–8 p.m., Kauai Civil Defense Agency, Suite 100, 3990 Kaana Street, Kauai, Lihue, Hawaii.

Each of the four scoping meetings will consist of an informal, open house session with information stations staffed by DoN representatives. Additional information concerning the meetings will be available on the EIS/OEIS Web page located at: <http://www.govsupport.us/navynepehawaii>.

FOR FURTHER INFORMATION CONTACT: Mr. Tom Clements, Pacific Missile Range Facility, P.O. Box 128, Kekaha, Kauai, Hawaii 96752–0128, telephone 1–866–767–3347.

SUPPLEMENTARY INFORMATION: The Hawaii Range Complex geographically encompasses offshore, nearshore, and onshore areas located on or around the major islands of the Hawaiian Island chain. The geographic scope of this EIS/ OEIS (Study Area) includes the Hawaii Offshore Operation Areas, consisting of 170,000 square nautical miles of ocean, generally from 17 to 26 degrees north latitude and from 154 to 162 degrees west longitude, land areas used by the DoN within these Operation Areas, and the Pacific Missile Range Facility (PMRF) Temporary Operating Area, consisting of 2.1 million square nautical miles to the north and west of Kauai. These ranges and Operation Areas are used to conduct operations and training involving military hardware, personnel, tactics, munitions, explosives, and electronic combat systems. Several of the areas are also used for RDT&E, including missile defense testing.

The purpose of the Proposed Action is to: (1) Provide the Hawaii Range Complex with sufficient capabilities to support Fleet and DoD training, major exercises based on training requirements identified to support the U.S. Unified Commanders, and the development, testing, and evaluation of existing, upgraded, and newly developed DoD and other federal agency systems; (2) provide additional range capabilities and support facilities at the Hawaii Range Complex, to include the PMRF, to fully integrate range services in a modern, multi-threat, multi-dimensional environment, ensuring safe conduct and evaluation of training and RDT&E missions; and (3) fulfill DoN commitment to update analyses on marine mammal exposures to noise in the water.

The need for the Proposed Action is to: (1) Ensure a robust training, testing, and operational capability within the Hawaii Range Complex operating areas and to take advantage of Hawaii's location to not only provide training for local assets, but also provide capability for short notice and surge deployments from the West Coast; (2) support the acquisition and integration into the Fleet of advanced military technology and accommodate future increases in operational training tempo; and (3) maintain the long-term viability of the range complex while protecting human health and the environment.

The No Action Alternative is the continuation of training operations, RDT&E activities, ongoing base operations, and maintenance of the technical and logistical facilities that support these operations and activities, and the monitoring of marine mammals. The No Action Alternative includes the current level of training and test activities, including the biennial Rim of the Pacific exercises. Alternative 1 includes the activities described in the No Action Alternative with the addition of increased training necessary to support the Fleet Response Training Plan, Hawaii Range Complex improvements and modernizations, planned RDT&E activities, and necessary force structure changes. Alternative 2 would include all of the activities described in Alternative 1 with the addition of major events, such as supporting three carrier strike groups training at the same time, increasing the tempo of training exercises, and additional RDT&E programs at PMRF. Future RDT&E programs proposed as part of Alternative 2 would include directed energy programs involving lasers.

Key environmental issues that will be addressed in the EIS/OEIS, as applicable, include: biological resources (marine mammals and threatened and endangered species), cultural resources, environmental justice, health and safety, and noise. The DoN has been involved in long-term research plans studying the quantification of exposure of marine mammal species to acoustic emissions with differing experimental approaches and detailed observations of effects. Now that initial findings are available, this EIS/OEIS will include acoustic exposure modeling and effects-analysis for marine mammals within the defined study area.

The DoN is initiating the scoping process to identify community concerns and local issues that will be addressed in the EIS/OEIS. Federal, state, and local agencies, the public, and interested persons are encouraged to provide oral

and/or written comments to the DoN to identify specific environmental issues or topics of environmental concern that the commenter believes the DoN should consider. All comments, written or provided orally at the scoping meetings, will receive the same consideration during EIS/OEIS preparation.

Written comments on the scope of the EIS/OEIS should be postmarked no later than October 13, 2006. Comments may be mailed to Mr. Tom Clements, Pacific Missile Range Facility, P.O. Box 128, Kekaha, Kauai, Hawaii 96752–0128.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 30, 2006.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6)

Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 23, 2006.

Abstract: The Individuals with Disabilities Education Improvement Act of 2004, signed on December 3, 2004, became PL 108-446. In order to be eligible for a grant under 20 U.S.C. 1433, a State shall provide assurance to the Secretary that the State has adopted a policy that appropriate early intervention services are available to all infants and toddlers with disabilities in the State and their families, including Indian infants and toddlers with disabilities and their families residing on a reservation geographically located in the State, infants and toddlers with disabilities who are homeless children and their families, and has in effect a statewide system that meets the requirements of 20 U.S.C. 1435.

Information Collection 1820-0550 is being revised so that a State can provide assurances that it either has or does not have in effect policies, procedures, methods, descriptions, and assurances that meet the application requirements of part C of the Act as found in Pub. L. 108-446.
