

3. Report on Bottomfish Stock Assessment
4. Status of the Stock Report
5. Separation of Guam Bottomfish Management Unit Species (BMUS) catch per unit effort (CPUE) data into deep, shallow and combined
6. Plan Team Recommendations
7. Other Business

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

### Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kitty M. Simonds, (808) 522-8220 (voice) or (808) 522-8226 (fax), at least 5 days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: August 31, 2006.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 082206A]

#### Endangered Species; File No. 1563

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; issuance of permit.

**SUMMARY:** Notice is hereby given that North Carolina Division of Marine Fisheries (NCDMF; Mr. Blake Price, Principal Investigator), P.O. Box 769, Morehead City, North Carolina 28557, has been issued a permit to take threatened and endangered sea turtles for purposes of scientific research.

**ADDRESSES:** The permit and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources,

NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 427-2521; and Southeast Region, NMFS, 263 13th Ave South, St. Petersburg, FL 33701; phone (727) 824-5312; fax (727) 824-5309.

#### FOR FURTHER INFORMATION CONTACT:

Carrie Hubbard or Patrick Opay, (301)713-2289.

**SUPPLEMENTARY INFORMATION:** On March 17, 2006, notice was published in the **Federal Register** (71 FR 13816) that a request for a scientific research permit to take loggerhead (*Caretta caretta*), green (*Chelonia mydas*), Kemp's ridley (*Lepidochelys kempii*), hawksbill (*Eretmochelys imbricata*), and leatherback (*Dermochelys coriacea*) sea turtles had been submitted by the above-named organization. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The NCDMF will be testing two types of large mesh gillnets to ascertain which type of net will reduce sea turtle interactions while maintaining targeted catch rates for southern flounder (*Paralichthys lethostigma*). Both nets will be constructed of 0.52 mm diameter monofilament with 6-inch (15.2 cm) mesh webbing, but the control net is 25 meshes deep while the low profile net is twelve meshes deep. Control nets have additional floatation every six feet (1.8 m) and tie downs every 30 feet (9.1 m); experimental nets have neither. NCDMF plans to conduct 150 paired net deployments (one of each type of net). To follow fishing protocols, nets will be set at dusk and retrieved in the early morning. Captured sea turtles will be examined for any possible injuries and held for approximately two hours to ensure they are healthy before being transported away from the fishing area and released. Turtles will be identified to species, measured, photographed, and flipper and PIT tagged. Any comatose or debilitated turtles will be transported to a rehabilitation center. During the life of the permit, the applicant is authorized to capture 23 Kemp's ridley, 23 loggerhead, 22 green, 2 hawksbill, and 2 leatherback sea turtles. Of the captured turtles, 11 Kemp's, 11 loggerhead, 11 green, 1 hawksbill, and 1 leatherback may be mortalities. Research will be conducted in Pamlico Sound, North Carolina and the permit expires in December 2007.

Issuance of this permit, as required by the ESA, was based on a finding that

such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of any endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: August 29, 2006.

**P. Michael Payne,**

*Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.*

## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Defense Science Board

**AGENCY:** Department of Defense, DoD.

**ACTION:** Notice of closed advisory committee meetings.

**SUMMARY:** The Defense Science Board Task Force on VTOL/STOL will meet in closed session on September 12-13, 2006; at Strategic Analysis Inc., 3601 Wilson Boulevard, Arlington, VA. This meeting is a classified executive session to begin the review of gathered data and to begin formulating the report's contents.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will: Assess the features and capabilities VTOL/STOL aircraft should have in order to support the nation's defense needs through at least the first half of the 21st century.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.
