Catalog of Federal Domestic Assistance (CFDA): 11.801 Native American Business Enterprise Center Program (NABEC) (formerly Native American Business Development Center (NABDC) Program).

Eligibility: For-profit entities (including sole-proprietorships, partnerships, and corporations), and non-profit organizations, state and local government entities, American Indian Tribes, and educational institutions are eligible to operate NABECs. Applicants receiving three (3) consecutive funding award cycles (beginning 2007 through 2015) will not be eligible to receive an award in 2016 (and thereafter).

Program Description: In accordance with Executive Order 11625 and 15 U.S.C. Section 1512, the Minority Business Development Agency (MBDA) is soliciting applications from organizations to operate a Native American Business Enterprise Center (NABEC) (formerly Native American Business Development Center).

The NABEC Program requires NABEC staff to provide standardized business assistance services to eligible Native American, tribal entities, Alaska Native Corporations and minority firms with \$500,000 or more in annual revenues and/or "rapid growth potential" minority businesses ("Strategic Growth Initiative" or "SGI" firms) directly; to develop and maintain a network of strategic partnerships; to provide

collaborative consulting services with other MBDA funded programs and/or strategic partners; to provide strategic business consulting; to work closely with MBDA's Office of Native American Entrepreneurship and Trade; and, to provide referrals for client transactions. These requirements will be used to generate increased results with respect to financing and contracts awarded to minority-owned firms and thus, are a key component of this program.

Eligible clients are SGI minority firms including Native American business enterprises, tribal entities and Alaska Native Corporations capable of generating significant employment and long-term economic growth. However, eligible clients do not have to be tribal members. A significant emphasis for the NABEC Program is to support Native American communities through entrepreneurship.

The NABEC Program shall leverage all available MBDA resources including the (a) Office of Native American Entrepreneurship and Trade, (b) Office of Business Development, and (c) National Enterprise Centers. In addition the NABEC Program shall leverage available telecommunications technology, including the Internet, and a variety of online computer-based resources to increase the level of service that the NABEC can provide to the targeted markets and communities within the defined geographic service area.

The NABEC will place special emphasis on providing access to Federal contracting and procurement opportunities; and, providing collaborative support to the existing network of other MBDA funded projects and/or strategic partners that result in client outcomes.

The NABEC program incorporates an entrepreneurial approach to building market stability and improving the quality of services delivered. This strategy expands the reach of the NABEC by requiring project operators to develop and build upon strategic alliances with public and private sector partners, and MBDA itself, as a means of serving the targeted markets and communities within the Center's defined geographic service area.

MBDA will establish business consulting training programs to support the NABEC client assistance services. These NABEC training programs are designed specifically to foster growth assistance to its clients. The NABEC will also encourage increased collaboration and client/non-client referrals among the MBDA-sponsored networks. This will provide a comprehensive approach to serving the emerging sector of the minority business community.

The NABEC will operate through the use of trained professional business consultants who will assist minority entrepreneurs through direct client engagements. Entrepreneurs eligible for assistance under the NABEC Program

are Native Americans, Native American tribes, Alaska Natives, Alaska Native Corporations, African Americans, Puerto Ricans, Spanish-speaking Americans, Aleuts, Asian and Pacific Islander Americans, Asian Indians, and Hasidic Jews.

As part of its strategy for continuous improvement, the NABEC shall expand its delivery capacity to all minority firms (as defined above), with greater emphasis on Native American SGI firms. MBDA wants to ensure that NABEC clients are receiving a consistent level of service throughout its funded network. To that end, MBDA will require NABEC consultants to attend training courses designed to achieve standardized services and quality expectations.

Further programmatic information can be found in the FFO.

Match Requirements—Alabama MBE: Cost sharing of at least 10% is required. Cost sharing is the portion of the project cost not borne by the Federal Government. Applicants must meet this requirement through one or more of the following means or a combination thereof: (1) Client fees (if proposed); (2) cash contributions; (3) non-cash applicant contributions; and/or (4) third party in-kind contributions. Client fees, if charged, shall be used towards meeting cost share requirements. Client fees applied directly to the award's cost sharing requirement must be used in furtherance of the program objectives.

An application must receive at least 70% of the total points available for each evaluation criterion, in order for the application to be considered for funding. Review and Selection Process—Alabama MBEC

1. *Initial Screening.* Prior to the formal paneling process, each application will receive an initial screening to ensure that all required forms, signatures and documentation are present.

2. *Panel Review.* Each application will receive an independent, objective review by a panel qualified to evaluate the applications submitted. MBDA anticipates that the review panel will be made up of at least three independent reviewers (all Federal employees) who will review all applications based on the above evaluation criteria. Each reviewer will evaluate and provide a score for each proposal. In order for an application to be considered for funding, it shall need to achieve 70% of the available points for each criterion. Failure to achieve these results will automatically deem the application as unsuccessful.

3. *Oral Presentation—Optional.* When the merit review by the panel results in applications scoring 70% or more of the available points for each criterion, MBDA may request all those applicants to develop and provide an oral presentation. The applicants may receive up to 10 additional points based on the presentation and content presented. If a formal presentation is requested, the applicants will receive a formal communication (via standard mail, e-mail or fax) from MBDA indicating the time and date for the presentation. In person presentations are not mandatory but are encouraged; telephonic presentations are acceptable. Applicants will be asked to submit a power point presentation (or equivalent) to MBDA that addresses the oral presentation criteria (see above, Evaluation Criteria, item 5. Oral Presentation—Optional). This presentation must be submitted at least 24 hours before the scheduled date and time of the presentation. The presentation will be made to the National Director (or his/her designee) and/or up to three senior MBDA staff who did not serve on the merit evaluation panel. The oral panel members may ask follow-up questions after the presentation. MBDA will provide the teleconference dial-in number and pass code. Each finalist will present to MBDA staff only; other applicants are not permitted to listen (and/or watch).

All costs pertaining to this presentation shall be borne by the applicant. NABEC award funds may not be used as a reimbursement for this presentation. MBDA will not accept any requests or petitions for reimbursement. The oral panel members shall score each presentation in accordance with the oral presentation criteria. An average score shall be compiled and added to the original score of the panel review.

4. *Final Recommendation.* The National Director of MBDA makes the final recommendation to the

Department of Commerce Grants Officer regarding the funding of applications, taking into account the selection criteria as outlined in this Announcement and the following:

(a) The evaluations and rankings of the independent review panel and the evaluation(s) of the oral presentations, if applicable;

(b) Funding priorities. The National Director (or his/her designee) reserves the right to conduct a site visit (subject to the availability of funding) to applicant organizations receiving at least 70% of the total points available for each evaluation criterion, in order to make a better assessment of the organization's capability to achieve the funding priorities; and,

(c) The availability of funding.

Intergovernmental Review: Applications under this program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Limitation of Liability: Applicants are hereby given notice that funds have yet to be appropriated for this program. In no event will MBDA or the Department of Commerce be responsible for proposal preparation costs if this program fails to receive funding or is cancelled because of other Agency priorities. SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

Dynergy seeks a two (2) year scientific research permit on shortnose sturgeon in its efforts to study the abundance of all of sampled species in the Hudson River estuary from Battery Park (Manhattan) to River Mile 152. Based on previous permitted sampling efforts, Dynergy requests to lethally take up to 40 shortnose sturgeon larvae and to capture, handle, collect, measure, externally tag and release up to 82 juvenile and adult sturgeon obtained by various sampling methods. Dynergy sampling programs will include a Longitudinal River Ichthyoplankton Survey, a Beach Seine Survey, a Fall Juvenile Survey and an Adult Striped Bass Mark/Recapture Survey. Gear associated with the plankton survey are a 1.0-m² epibenthic sled, and a 1.0-m² Tucker Trawl to be towed by boat against the prevailing current for 5 minutes intervals on a weekly or bi-weekly basis (depending on the season) beginning March 6 and ending on December 1 of each year of the permit. An average of 133 sample trawls will be done per week. The Beach Seine Survey will utilize a 30.5-m total length beach

seine with bag deployed by boat in 450 m² semi-circular sweeps to collect YOY fish in the shore zone. The sampling period is bi-weekly from June 12 to October 16 each year of the permit with an average of 100 samples per week. Gear associated with the Fall Juvenile Survey is a 3-m Beam Trawl and Tucker Trawl to be towed by boat on alternating weeks in three separate sampling periods from July 1 to December 1 in each year of the permit with an average of 180 trawls per week. The Adult Striped Bass Mark/Recapture Survey will utilize a 9-m otter trawl with tow duration of typically 10 minutes and with approximately 500 trawls occurring between January and April and then between October and December.

Dated: August 30, 2006.
