and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at http://www.ferc.gov. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed dockets(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Washington Puget Sound Energy, Inc.; Notice of Availability of a Final Environmental Impact Statement for the Baker River Hydroelectric Project

September 8, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a license for the Baker River Hydroelectric Project (FERC No. 2150-033), located on the Baker River in Whatcom and Skagit Counties, Washington and has prepared a Final Environmental Impact Statement (EIS) for the project. The final EIS was prepared in cooperation with the U.S. Army Corps of Engineers pursuant to 40 CFR 1501.6 of the National Environmental Policy Act. The Baker River Project occupies 5,207 acres of lands within the Mt. Baker-Snoqualmie National Forest managed by the U.S. Forest Service.

The final EIS, contains staff evaluations of the applicant's proposal and the alternatives for relicensing the Baker River Project. The final EIS documents the views of governmental agencies, non-governmental organizations, affected Indian tribes, the public, the license applicant, and Commission staff.

A copy of the final EIS is available for review in the Commission's Public Reference Branch, Room 2A, located at 888 First Street, NE., Washington, DC 20426. The final EIS also may be viewed on the Commission's Web site at http://www.ferc.gov under the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208–3676, or for TTY, (202) 502–8659.

You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

For Further Information Contact: Steve Hocking at (202) 502–8753 or at steve.hocking@ferc.gov.

[Docket No. CP00-006-014]

Gulfstream Natural Gas System, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Gulfstream Natural Gas System, LLC'S Phase III Pipeline Project and Notice of Site Visit and Request for Comments on Environmental Issues

September 8, 2006.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Gulfstream Natural Gas System, LLC's (Gulfstream) application for its Phase III Pipeline Project. Gulfstream proposes to amend its existing Phase III authorization under the FERC certificate granted October 8, 2003 by modifying the route and pipeline diameter. In this filing, Gulfstream proposes to construct, own and operate a 34.3-mile segment of 30-inch gas pipeline extending from its existing Station 712 in Martin County, Florida to a newly constructed Station 705 that would connect to the proposed Florida Power & Light Company (FPL) 2,220 megawatt (MW) gas turbine West County Energy Center (WCEC) in Palm Beach County, Florida. Gulfstream has executed firm service agreement with FPL to deliver 345,000 decatherms per day (Dth/d) of natural gas to the WCEC for a primary term of 23 years.

The FPL WCEC is a nonjurisdictional facility under FERC regulations. The facility is being licensed by the Florida Department of Environmental Protection Siting Office under the jurisdiction of the Florida Power Plant Siting Act.

This notice announces the opening of the scoping period that will be used to gather environmental input from the public and interested agencies on the project. Scoping comments are requested by October 9, 2006.

With this notice, the staff of the FERC is asking other Federal, State, local and tribal agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with
