

the Commission as benefiting efficiency and not impacting competition.

3. *Financial integrity of futures markets and price discovery.* The proposed amendment should have no effect, from the standpoint of imposing costs or creating benefits, on the financial integrity of futures markets or the price discovery function of such markets.

4. *Sound risk management practices.* The proposed amendment should have no effect, from the standpoint of imposing costs or creating benefits, on sound risk management practices.

5. *Other public interest considerations.* The Commission believes that the proposed regulation requiring electronic filing for the submission by IBs of certified Forms 1-FR, and the requirement that IBs filing certified FOCUS Reports comply with NFA instructions as to filing in paper form or electronically, is beneficial in that it should streamline the timeliness of delivery and electronic accessibility of such reports, and permit NFA to retain such reports in a more streamlined and accessible manner.

After considering these factors, the Commission has determined to propose the amendments discussed above. The Commission invites public comment on its application of the cost-benefit provision. Commenters also are invited to submit any data that they may have quantifying the costs and benefits of the proposal with their comment letters.

You may submit your comments and material by mail, hand delivery, fax or electronic means to the Docket Management Facility at the address under **ADDRESSES**.

Regulatory History

On August 1, 2006, the Coast Guard published a notice of proposed rulemaking (NPRM) (71 FR 43402) to establish permanent safety zones throughout the Great Lakes to conduct live fire gun exercises. The initial comment period for this NPRM ended on August 31, 2006. In response to public requests, the Coast Guard re-opened the comment period on this NPRM. (71 FR 53629, September 12, 2006) Re-opening the comment period from September 12, 2006 to November 13, 2006, provides the public more time to submit comments and recommendations.

Background and Propose

These safety zones are necessary to protect vessels and people from hazards associated with live fire gun exercises. Such hazards include projectiles that may ricochet and damage vessels and/or cause death or serious bodily harm. The thirty-four zones will be located throughout the Great Lakes in order to accommodate 57 separate Coast Guard units. The proposed safety zones are all located at least three nautical miles from the shoreline.

Procedural

The meetings are open to the public. Please note that the meetings may close early if all business is finished. If you are unable to attend, you may submit comments to the Docket Management Facility at the address under **ADDRESSES** by November 13, 2006.

Information on Services for Individuals With Disabilities
