

beneficiary countries. Section 204(b)(3)(B)(iii) of the amended ATPA provides duty- and quota-free treatment for certain apparel articles assembled in ATPDEA beneficiary countries from regional fabric and components. More specifically, this provision applies to apparel articles sewn or otherwise assembled in one or more ATPDEA beneficiary countries from fabrics or from fabric components formed or from components knit-to-shape, in one or more ATPDEA beneficiary countries, from yarns wholly formed in the United States or one or more ATPDEA beneficiary countries (including fabrics not formed from yarns, if such fabrics are classifiable under heading 5602 and 5603 of the Harmonized Tariff Schedule (HTS) and are formed in one or more ATPDEA beneficiary countries). Such apparel articles may also contain certain other eligible fabrics, fabric components, or components knit-to-shape.

For the period beginning on October 1, 2006 and extending through December 31, 2006, preferential tariff treatment is limited under the regional fabric provision to imports of qualifying apparel articles in an amount not to exceed 5 percent of the aggregate square meter equivalents of all apparel articles imported into the United States in the preceding 12-month period for which data are available. For the purpose of this notice, the 12-month period for which data are available is the 12-month period that ended July 31, 2006. In Presidential Proclamation 7616, (published in the **Federal Register** on November 5, 2002, 67 FR 67283), the President directed CITA to publish in the **Federal Register** the aggregate quantity of imports allowed during each period.

For the period beginning on October 1, 2006 and extending through December 31, 2006, the aggregate quantity of imports eligible for preferential treatment under the regional fabric provision is 1,164,288,418 square meters equivalent. Apparel articles entered in excess of this quantity will be subject to otherwise applicable tariffs.

This quantity is calculated using the aggregate square meter equivalents of all apparel articles imported into the United States, derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (ATC), and the conversion factors for units of measure into square meter

equivalents used by the United States in implementing the ATC.

SUPPLEMENTARY INFORMATION:

Authority: Section 203(o)(4) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act (CAFTA-DR Act); the Statement of Administrative Action (SAA), accompanying the CAFTA-DR Act; Presidential Proclamations 7987 (February 28, 2006) and 7996 (March 31, 2006).

BACKGROUND:

The CAFTA-DR Agreement provides a list in Annex 3.25 for fabrics, yarns, and fibers that the Parties to the CAFTA-DR Agreement have determined are not available in commercial quantities in a timely manner in the territory of any Party. Articles that otherwise meet the rule of origin to qualify for preferential treatment are not disqualified because

they contain one of the products on the Annex 3.25 list.

The CAFTA-DR Agreement provides that the list in Annex 3.25 may be modified pursuant to Article 3.25(4)-(6). The CAFTA-DR Act states that the President will make a determination on whether additional fabrics, yarns, and fibers are available in commercial quantities in a timely manner in the territory of any Party. The CAFTA-DR Act requires the President to establish procedures governing the submission of a request and to provide an opportunity for interested entities to submit comments and supporting evidence before making a determination. In Presidential Proclamations 7987 and 7996, the President delegated to CITA the authority under section 203(o)(4) of CAFTA-DR Act for modifying the Annex 3.25 list. On February 23, 2006, CITA published interim procedures it would follow in considering requests to modify the Annex 3.25 list (71 FR 9315).

On August 17, 2006, the Chairman of CITA received a request from Sandler, Travis, & Rosenberg, P.A. on behalf of Lido Industrias for certain 2-way stretch woven fabrics, of the specifications detailed below. On August 21, 2006, CITA notified interested parties of, and posted on its Web site, the accepted petition and requested that interested entities provide, by August 31, 2006, a response advising of its objection to the request or its ability to supply the subject product, and rebuttals to responses by September 7, 2006.

No interested entity filed a response advising of its objection to the request or its ability to supply the subject product.

In accordance with Section 203(o)(4) of the CAFTA-DR Act, and its procedures, as no interested entity submitted a response objecting to the request or expressing an ability to supply the subject product, CITA has determined to add the specified fabrics to the list in Annex 3.25.

The subject fabrics are added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities. A revised list has been published at: <http://web.ita.doc.gov/tacgi/CaftaReqTrack.nsf/Annex3.25>.

BILLING CODE 3510-DS

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Limitations of Duty- and Quota-Free Imports of Apparel Articles Assembled in Beneficiary Sub-Saharan African Countries from Regional and Third-Country Fabric

September 21, 2006.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Publishing the New 12-Month Cap on Duty- and Quota-Free Benefits.

EFFECTIVE DATE: October 1, 2006.

FOR FURTHER INFORMATION CONTACT:

Anna Flaaten, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Title I, Section 112(b)(3) of the Trade and Development Act of 2000, as amended by Section 3108 of the Trade Act of 2002 and Section 7(b)(2) of the AGOA Acceleration Act of 2004; Presidential Proclamation 7350 of October 4, 2000 (65 FR 59321); Presidential Proclamation 7626 of November 13, 2002 (67 FR 69459).

Title I of the Trade and Development Act of 2000 (TDA 2000) provides for duty- and quota-free treatment for certain textile and apparel articles imported from designated beneficiary sub-Saharan African countries. Section 112(b)(3) of TDA 2000 provides duty- and quota-free treatment for apparel articles wholly assembled in one or

more beneficiary sub-Saharan African countries from fabric wholly formed in one or more beneficiary countries from yarn originating in the U.S. or one or more beneficiary countries. This preferential treatment is also available for apparel articles assembled in one or more lesser-developed beneficiary sub-Saharan African countries, regardless of the country of origin of the fabric used to make such articles. This special rule for lesser-developed countries applied through September 30, 2004. TDA 2000 imposed a quantitative limitation on imports eligible for preferential treatment under these two provisions.

The Trade Act of 2002 amended TDA 2000 to extend preferential treatment to apparel assembled in a beneficiary sub-Saharan African country from components knit-to-shape in a beneficiary country from U.S. or beneficiary country yarns and to apparel formed on seamless knitting machines in a beneficiary country from U.S. or beneficiary country yarns, subject to the quantitative limitation. The Trade Act of 2002 also increased the quantitative limitation but provided that this increase would not apply to apparel imported under the special rule for lesser-developed countries. Section 7(b)(2)(B) of the AGOA Acceleration Act extended the expiration of the quantitative limitation through September 30, 2015, and the expiration of the limitation for the special rule for lesser-developed countries through September 30, 2007. It also further amended the percentages to be used in calculating the quantitative limitations for each twelve-month period, beginning on October 1, 2003. The AGOA Acceleration Act of 2004 provides that the quantitative limitation for the twelve-month period beginning October 1, 2006 will be an amount not to exceed 6.43675 percent of the aggregate square meter equivalents of all apparel articles imported into the United States in the preceding 12-month period for which data are available. See Section 112(b)(3)(A)(ii)(I) of TDA 2000, as amended by Section 7(b)(2)(B) of the AGOA Acceleration Act. Of this overall amount, apparel imported under the special rule for lesser-developed countries is limited to an amount not to exceed 1.6071 percent of all apparel articles imported into the United States in the preceding 12-month period. See Section 112(b)(3)(B)(ii)(II) of TDA 2000, as amended by Section 7(b)(2)(B) of the AGOA Acceleration Act. For the purpose of this notice, the most recent 12-month period for which data are available is the 12-month period ending July 31, 2006.

Presidential Proclamation 7350 directed CITA to publish the aggregate quantity of imports allowed during each 12-month period in the **Federal Register**. Presidential Proclamation 7626, published on November 18, 2002, modified the aggregate quantity of imports allowed during each 12-month period.

For the one-year period, beginning on October 1, 2006, and extending through September 30, 2007, the aggregate quantity of imports eligible for preferential treatment under these provisions is 1,498,846,694 square meters equivalent. Of this amount, 374,225,583 square meters equivalent is available to apparel articles imported under the special rule for lesser-developed countries. Apparel articles entered in excess of these quantities will be subject to otherwise applicable tariffs.

These quantities are calculated using the aggregate square meter equivalents of all apparel articles imported into the United States, derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (ATC), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC.
