BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Draft Supplemental Watershed Plan No. 1 and Environmental Assessment Plum Creek Watershed, Rehabilitation of Flood Retarding Structure (FRS) #18

AGENCY: Natural Resources Conservation Service, U.S. Department of Agriculture.

ACTION: Notice of Availability (NOA) of the Plum Creek FRS #18 Draft Supplemental Watershed Plan and Environmental Assessment.

SUMMARY: The Natural Resources Conservation Service, U.S. Department of Agriculture, Kentucky State Office, gives notice that a draft supplemental watershed plan/environmental assessment for the rehabilitation of Plum Creek FRS #18 is now available for public review and comment.

FOR FURTHER INFORMATION CONTACT: Jacob Kuhn, Acting State Conservationist, Natural Resource Conservation Service, 771 Corporate Drive, Suite 210, Lexington, KY 40503-5479, telephone (859) 224-7350.

SUPPLEMENTARY INFORMATION: This project was initiated due to the Kentucky Division of Water (KDOW) Office of Dam Safety issuance of a notice of violation (NOV) to the Plum Creek Watershed Conservancy District for Plum Creek FRS #18. Construction of FRS#18 was completed in 1957 under the Pilot Watershed Program and authorized by the Watershed Protection and Flood Prevention Act (PL 83-566). Due to changes in KDOW dam safety regulations and a pre-existing home below the dam, the KDOW is now requiring the dam to be upgraded to meet class C criteria (high hazard) or to remove the threat of flooding to the downstream home. The preferred alternative for this project is Alternative #2—demolition of the existing home

and construction of a new elevated home on the same site. The proposed alternative would upgrade the dam to meet NRCS and KDOW current standards and criteria for a “Significant” or “Moderate” hazard (class B) dam and would replace the concrete riser and add a supplemental toe drain system to the dam.

FOR FURTHER INFORMATION CONTACT: Basic data developed during the environmental assessment are on file and may be reviewed by contacting Anita Arends, Resource Conservationist, telephone (859) 224-7354. Copies of the draft Plan/EA are available upon request. The public comment period will end 45-days after the date of this publication in the **Federal Register**.

Dated: September 20, 2006.

Jacob Kuhn,

Acting State Conservationist.

BILLING CODE 3410-16-P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Pohick Creek Watershed Dam No. 4, Fairfax County, VA

AGENCY: Natural Resources Conservation Service.

ACTION: Notice of a Finding of No Significant Impact.

SUMMARY: Pursuant to section 102[2][c] of the National Environmental Policy Act of 1969, the Council on Environmental Quality Regulations [40 CFR part 1500]; and the Natural Resources Conservation Service Regulations [7 CFR part 650]; the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the rehabilitation of Pohick Creek Watershed Dam No. 4, Fairfax County, Virginia.

FOR FURTHER INFORMATION CONTACT: M. Denise Doetzer, State Conservationist, Natural Resources Conservation Service, 1606 Santa Rosa Road, Suite 209, Richmond, Virginia 23229. Telephone (804) 287-1691, E-Mail Denise.Doetzer@va.usda.gov.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, M. Denise Doetzer, State Conservationist, has determined that the

preparation and review of an environmental impact statement is not needed for this project.

The project purpose is continued flood prevention. The planned works of improvement include upgrading an existing floodwater retarding structure.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the U.S. Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting M. Denise Doetzer at the above number.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

M. Denise Doetzer,

State Conservationist.

[This activity is listed in the Catalog of Federal Domestic Assistance under 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires inter-government consultation with State and local officials.]
