BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 092206A]

Pacific Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Pacific Fishery Management Council's (Council) Coastal Pelagic Species (CPS) advisory bodies will hold meetings, which are open to the public, on October 17-19, 2006. The primary purpose of the meetings is to review the current Pacific sardine Stock Assessment and draft terms of reference for the CPS stock assessment review process.

DATES: The meetings will be held on October 17, 2006 through October 19, 2006. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: All meetings will be held in the Large Conference Room at the office of the Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384; telephone: (503) 820-2280.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Burner, Pacific Fishery Management Council; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The Coastal Pelagic Species Management Team (CPSMT) and the Scientific and Statistical Committee's (SSC) CPS Subcommittee will meet in a joint session on Tuesday, October 17, 2006, from 8 a.m. until business for the day is completed and again on Wednesday, October 18, 2006 until noon. The CPSMT will hold a work session on Wednesday, October 18, 2006, from 1 p.m. until business for the day is completed. The Coastal Pelagic Species Advisory Subpanel (CPSAS) will meet Thursday, October 19, 2006, from 8 a.m. until business for the day is completed.

The CPSMT, the SSC CPS Subcommittee, and the CPSAS will review the current Pacific sardine stock assessment, the terms of reference for CPS stock assessment reviews, and recent research on market squid. The CPSMT and the CPSAS will also develop harvest guideline and management measure recommendations for the 2007 Pacific sardine fishery. The CPSMT and CPSAS will develop recommendations for Council consideration at the November 12-17, 2006, meeting in Del Mar, CA, and address other issues relating to CPS management, including marine protected areas and research and data needs. No management actions will be decided by the CPSMT, the SSC CPS Subcommittee, or the CPSAS.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Advisory body action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: September 25, 2006.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8224-5]

Agency Information Collection Activities; Proposed Collection; Comment Request for Reformulated Gasoline Commingling Provisions; EPA ICR No. 2228.02; OMB Control No. 2060-0566

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44

U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This request is to renew an emergency ICR that is scheduled to expire on December 31, 2006.

DATES: Comments must be submitted on or before November 27, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2006-0745, by one of the following methods:

- *www.regulations.gov:* Follow the online instructions for submitting comments.
- *E-mail:* a-and-r-Docket@epa.gov
- *Mail:* Air Docket, Environmental Protection Agency, Mail Code: 6102T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- *Fax or Hand Delivery:* EPA's Public Reading Room was temporarily closed due to flooding and has reopened in the EPA Headquarters Library, Infoterra Room (Room 3334), in the EPA West Building, 1301 Constitution Ave., NW., Washington, DC. In order to ensure to arrange for proper fax or hand delivery of materials at this time, please call the Air Docket at 202-566-1742.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2006-0745. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information for which disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification,

EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT:

Geanetta Heard, Office of Transportation and Air Quality, Transportation and Regional Programs Division, Mail Code 6406J, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 343-9017; fax number: (202) 343-2801; e-mail address: heard.geanetta@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2006-0745. The docket is available for online viewing at www.regulations.gov, and for in-person viewing at EPA's Public Reading Room. The Public Reading Room was temporarily closed due to flooding and reopened in the EPA Headquarters Library, Infoterra Room (Room 3334), in the EPA West Building, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m. Eastern Standard Time (EST) in its new location, Monday through Friday, excluding legal holidays. The telephone number for the Air Docket is 202-566-1742.

Use www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c) (2) (A) of the Paperwork Reduction Act, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are gasoline retailers, wholesale purchaser-consumers, gasoline stations, gasoline stations with convenience stores and gasoline stations without convenience stores.

Title: Reformulated Gasoline Commingling Provisions.

ICR numbers: EPA ICR No. 2228.02, OMB Control No. 2060-0566.

ICR status: This ICR is currently scheduled to expire on December 31, 2006. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed

in Title 40 Part 9 of the CFR after being approved. The control numbers are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR Part 9.

Abstract: With this information collection request (ICR), we are seeking permission to accept notifications from gasoline retailers and wholesale purchaser-consumers related to commingling of ethanol blended and non-ethanol-blended reformulated gasoline (RFG) under section 1513 of the Energy Policy Act of 2005 (EPA Act) and 40 CFR 80.78(a)(8)(ii)(B); and to provide for a compliance option whereby a retailer or wholesale purchaser-consumer may demonstrate compliance via test results under § 80.78(a)(8)(iii)(A). These provisions are designed to grant compliance flexibility. An emergency ICR has been put in place and expires December 31, 2006. We are requesting that the Office of Management and Budget (OMB) renew this ICR and request that it be effective three years after approval.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.25 hours (fifteen minutes) per respondent. Burden means the total time, effort, or financial resources expended by a person to generate, maintain, retain, or disclose or provide information to (or for) a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; to process and maintain information; to disclose and provide information; to adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; to train personnel to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 56,700.

Frequency of response: Occasional.

Estimated total average number of responses for each respondent: 2.

Estimated total annual burden hours: 27,675 hours.

Estimated total annual costs: \$1,964,925. This includes an estimated

burden cost of \$1,964,925 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Are There Changes in the Estimates From the Last Approval?

There is no change in the total estimated respondent burden compared with that identified in the emergency ICR that expires December 31, 2006.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: September 22, 2006.

Margo Tsirigotis Oge,

Director, Office of Transportation and Air Quality.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[IN 168-1; FRL-8224-1]

Approval of the Clean Air Act Section 112(l) Delegation of National Emission Standards for Hazardous Air Pollutants for Boat Manufacturing; Indiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This document announces that, upon signature of this notice, EPA approved a request from the Indiana Department of Environmental Management (IDEM) for delegation of authority to implement and enforce National Emission Standards for Hazardous Air Pollutants (NESHAP) for Boat Manufacturing through a state rule which adjusts the maximum achievable control technology (MACT) standard for boat manufacturing. Pursuant to the Clean Air Act (CAA) and the NESHAP provisions, states may seek approval of state rules which make pre-approved adjustments to a MACT standard if the state rule is unambiguously no less stringent than the Federal rule. On June 20, 2005, IDEM requested approval to

adjust the NESHAP for boat manufacturing. EPA reviewed this request and found that it satisfied the requirements for approval under the Federal provision which allows for delegation of an adjusted NESHAP, "Approval of State requirements that adjust a section 112 rule." Therefore, upon the signature of this notice, EPA delegated to IDEM the authority to implement and enforce the NESHAP for boat manufacturing, through IDEM's rule for boat manufacturing.

ADDRESSES: The documents relevant to this action are available for public inspection during normal business hours at the following address: Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Sam Portanova, Environmental Engineer, at (312) 886-3189 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Sam Portanova, Environmental Engineer, Air Permits Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3189, portanova.sam@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever "we," "us," or "our" is used, we mean EPA. This supplementary information section is arranged as follows:

- I. What Action Is EPA Taking?
- II. Under What Authority Is EPA Approving This Delegation?
- III. How Does 326 IAC 20-48 Meet the Requirements for Delegation?
- IV. What Is the Effect of This Delegation?

I. What Action Is EPA Taking?

Pursuant to section 112(l) of the CAA and 40 CFR 63.92, EPA approved IDEM's request that EPA delegate the authority to implement and enforce 40 CFR part 63, subpart VVVV, NESHAP for boat manufacturing, through Indiana rule 326 IAC 20-48, which adjusts the Federal boat manufacturing MACT. This approval makes the Indiana rule, which is unambiguously no less stringent than the Federal MACT, federally enforceable in Indiana. EPA also approved the delegation of the applicable Category I authorities for this MACT standard as set forth at 40 CFR 63.91(g).

II. Under What Authority Is EPA Approving This Delegation?

Pursuant to CAA section 112(l), a state may develop and submit to EPA

for approval a program for the partial or complete delegation of section 112 rules. EPA may approve state rules or programs which either: (1) Implement and enforce section 112 rules as promulgated by EPA ("straight delegation"); (2) implement and enforce state rules which adjust section 112 rules; (3) implement and enforce state rules which substitute for section 112 rules. The Federal regulations governing EPA's approval of state rules or programs under section 112(l) are located at 40 CFR part 63, subpart E.

Currently, IDEM has an EPA-approved program for the straight delegation of MACT standards. EPA approved IDEM's program of delegation for part 70 sources on November 14, 1995 (60 FR 57118). EPA approved IDEM's expansion of its program of delegation to non-part 70 sources on July 8, 1997 (62 FR 36460). Pursuant to the approved straight delegation program, EPA has approved the straight delegation of numerous MACT standards to IDEM (see 62 FR 36460 (7/8/1997), 65 FR 17264 (3/31/2000), 69 FR 22508 (4/26/2004), and 71 FR 2225 (1/13/2006)).

By letter dated June 20, 2005, IDEM requested approval of delegation of authority to implement and enforce 40 CFR part 63, subpart VVVV, the boat manufacturing MACT, through a State rule which adjusts the MACT standard. The criteria for EPA's approval of state rules which adjust section 112 rules are set forth at 40 CFR 63.92. In general, adjustments to section 112 MACT standards must be unambiguously no less stringent than the Federal rule and be limited to certain pre-approved matters. More specifically, Section 63.92(b) requires that the state demonstrate the following: (1) The State program meets the criteria of section 63.91, which provides for the straight delegation of section 112 rules; (2) the public has had adequate notice and opportunity to submit written comment on the state requirements which adjust the section 112 rule; (3) the adjustment to the section 112 rule results in requirements that are unequivocally no less stringent than the Federal rule with respect to: (a) Applicability; (b) level of control for each affected source and emission point; (c) compliance and enforcement measures; (d) dates of compliance. Further, Section 63.92(b)(3) only allows certain pre-approved adjustments, including the following: (1) Lowering a required emission rate; (2) adding a design, work practice, operational standard; (3) increasing a required control efficiency; (4) increasing the frequency of required
