Coast Guard

33 CFR Part 100

[CGD11-06-010]

RIN 1625-AA08

Special Local Regulations for Marine Events; San Francisco Bay Navy Fleet Week Parade of Ships and Air Show Demonstration, San Francisco Bay, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement.

SUMMARY: The Coast Guard will enforce the special local regulations (SLR's) in the navigable waters of San Francisco Bay for the annual U.S. Navy and City of San Francisco sponsored Fleet Week Parade of Navy Ships and Air Show Demonstration to be held October 5 thru October 8, 2006. This SLR will be used to keep spectator vessels out of the path of parading Navy ships and away from the area directly below participating aircraft during the air show in order to ensure the safety of event participants and spectators.

DATES: The regulations at 33 CFR 100.1105(b)(1), Regulated Area "Alpha" for Navy Parade of Ships will be enforced from 11 a.m. to 1 p.m. on October 7, 2006, while the regulations at 33 CFR 100.1105(b)(2), Regulated Area "Bravo" for the Fleet Week Air Show Demonstration will be enforced from 9 a.m. to 4 p.m. on October 5, 2006, 12:30 a.m. to 4:30 p.m. on October 6 and 7, and 1:30 p.m. to 4:30 p.m. on October 8, 2006.

FOR FURTHER INFORMATION CONTACT: Lieutenant Eric Ramos, Waterways Safety Branch, U.S. Coast Guard Sector San Francisco, at (415) 556-2950 Ext. 143 or the Sector San Francisco Command Center, at (415) 399-3547.

SUPPLEMENTARY INFORMATION: On October 1, 1993, the Coast Guard published a final rule (58 FR 51242) modifying the regulations in 33 CFR

100.1105, that establish regulated areas to ensure the safe execution of the San Francisco Bay Navy Fleet Week Parade of Ships and Air Show Demonstration. The U. S. Navy and City of San Francisco are sponsoring the Annual Fleet Week Parade of Navy Ships and Air Show Demonstration to be held October 5 thru October 8, 2006.

Due to the security concerns associated with the participating naval vessels and hazards associated with the air show demonstration, 33 CFR 100.1105 is necessary to provide for the safety of event participants, spectator craft, and other vessels transiting the event area. Under the provisions of 33 CFR 100.1105, a vessel may not enter Regulated area "Alpha" or "Bravo", unless it receives permission from the Coast Guard Patrol Commander. Additionally, no person or vessel may enter or remain within 500 yards ahead of the lead Navy parade vessel, within 200 yards astern of the last parade vessel, or within 200 yards on either side of any parade vessel. Spectator vessels may safely transit outside the regulated area but may not anchor, block, loiter in, or impede the transit of ship parade participants or official patrol vessels. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing the SLR.

Because this SLR will be in effect for a limited period, it should not result in a significant disruption of maritime traffic. Additionally, the maritime community will be provided advance notification of these events via the Local Notice to Mariners.

Dated: September 8, 2006.

J.A. Breckenridge,

Rear Admiral, U.S. Coast Guard Commander, Eleventh Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[CGD05-06-075]

RIN 1625-AA08

Special Local Regulations for Marine Events; Back River, Poquoson, VA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing special local regulations during the "Poquoson Seafood Festival

Workboat Races", a marine event to be held October 15, 2006 on the waters of the Back River, Poquoson, Virginia. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to temporarily restrict vessel traffic in a portion of the Back River during the event.

DATES: This rule is effective from 12 p.m. to 5 p.m. on October 15, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket (CGD05-06-075) and are available for inspection or copying at Commander (dpi), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Dennis Sens, Project Manager, Fifth Coast Guard District, Inspections and Investigations Branch, at (757) 398-6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On August 1, 2006, we published a Notice of proposed rulemaking (NPRM) entitled Special Local Regulations for Marine Events; Back River, Poquoson, VA in the **Federal Register** (71 FR 43400). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, support craft and other vessels transiting the event area. However, advance notifications will be made to affected waterway users via marine information broadcasts, area newspapers and local radio stations.

Background and Purpose

On October 15, 2006, the City of Poquoson will sponsor "Poquoson Seafood Festival Workboat Races" on the Back River, immediately adjacent and south of Messick Point. The event will consist of approximately 60 traditional Chesapeake Bay deadrise workboats racing along a marked strait line race course in heats of 2 to 4 boats for a distance of approximately 600 yards. Due to the need for vessel control during the event, the Coast Guard will temporarily restrict vessel traffic in the event area to provide for the safety of

participants, spectators and other transiting vessels.

Discussion of Comments and Changes

The Coast Guard did not receive comments in response to the Notice of proposed rulemaking (NPRM) published in the **Federal Register**. Accordingly, the Coast Guard is establishing temporary special local regulations on specified waters of the Back River, Poquoson, Virginia.

Regulatory Evaluation

This temporary rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary. Although this regulation will prevent traffic from transiting a portion of the Back River during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via the Local Notice to Mariners, marine information broadcasts, area newspapers and local radio stations, so mariners can adjust their plans accordingly. Additionally, the regulated area has been narrowly tailored to impose the least impact on general navigation yet provide the level of safety deemed necessary. Vessel traffic will be able to transit the regulated area at slow speed between heats, when the Coast Guard Patrol Commander deems it is safe to do so.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this temporary rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not

have a significant economic impact on a substantial number of small entities. This rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in the effected portions of the Back River during the event.

Although this regulation prevents traffic from transiting a portion of the Back River during the event, this temporary rule would not have a significant economic impact on a substantial number of small entities for the following reasons. This rule would be in effect for only a limited period. Vessel traffic will be able to transit the regulated area between heats, when the Coast Guard Patrol Commander deems it is safe to do so. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the address listed under **ADDRESSES**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or

impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not

likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade permit are specifically excluded from further analysis and documentation under that section.

Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—REGATTAS AND MARINE PARADES

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add a temporary § 100.35–T05–075 to read as follows:

§ 100.35–T05–075 Back River, Poquoson, VA.

(a) *Definitions:* The following definitions apply to this section: (1) *Coast Guard Patrol Commander* means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Sector Hampton Roads.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Sector Hampton Roads with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(3) *Participant* includes all vessels participating in the Poquoson Seafood Festival Workboat races under the auspices of a Marine Event Permit issued to the event sponsor and approved by Commander, Coast Guard Sector Hampton Roads.

(4) *Regulated area* includes the waters of the Back River, Poquoson, Virginia, bounded on the north by a line drawn along latitude 37°06′30″ North, bounded on the south by a line drawn along latitude 37°06′15″ North, bounded on the east by a line drawn along longitude 076°18′52″ West and bounded on the west by a line drawn along longitude 076°19′30″ West. All coordinates reference Datum NAD 1983.

(b) Special local regulations: (1) Except for event participants and persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall: (i) Stop the vessel immediately when directed to do so by any Official Patrol.

(ii) Proceed as directed by any Official Patrol.

(iii) When authorized to transit the regulated area, all vessels shall proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the race course.

(c) *Effective period.* This section will be enforced from 12 p.m. to 5 p.m. on October 15, 2006.

Dated: September 18, 2006.

Larry L. Hereth,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[CGD07–06–174]

RIN 1625–AA08

Special Local Regulation; Sunfish World Championship Regatta, Charleston Harbor, SC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations for the Sunfish World Championship Regatta located in Charleston Harbor, South Carolina. The event will run from October 1, 2006 through October 6, 2006. This Regulation is necessary to ensure safety and security during this international event, while also reducing the impact to commercial traffic in Charleston Harbor.

DATES: This rule is effective from 8 a.m. on October 1, 2006 until 6 p.m. on October 6, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket CGD 07–06–174 and are available for inspection or copying at Coast Guard Sector Charleston, Prevention Department (WWM) between 7 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: CWO Hunter G. Crider, U.S. Coast Guard Sector Charleston, South Carolina, at (843) 724–7647.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. An NPRM would be impracticable and contrary to the public interest since the specific details of this event, including the race course location, and dates were not provided to the Coast Guard with sufficient time to publish an NPRM and receive public comments. This regulation is necessary to ensure the safety and security of participants and
