32 CFR Part 284

Waiver Procedures for Debts Resulting from Erroneous Payments of Pay and Allowances

AGENCY: Department of Defense.

ACTION: Final rule.

SUMMARY: This rule implements policy and prescribes procedures for considering applications for the waiver of debts resulting from erroneous payments of pay and allowances (including travel and transportation allowances) to or on behalf of members of the Uniformed Services and civilian Department of Defense (DoD) employees. The Legislative Branch Appropriations Act of 1996 transferred to the Director of the Office of Management and Budget (OMB) the Comptroller General's authority to settle claims. The OMB Director subsequently delegated some of these authorities to the Department of Defense. Later, the General Accounting Office Act of 1996 codified many of these delegations to the Secretary of Defense and others and transferred to the OMB Director the authority of the Comptroller General to waive uniformed service member and employee debts arising out of the erroneous payment of pay or allowances exceeding \$1,500. The OMB Director subsequently delegated the authority to waive such debts of uniformed service members and DoD employees to the Secretary of Defense. The Secretary of Defense further delegated his claims settlement and waiver authorities to the General Counsel. This rule implements the reassignment of the Comptroller General's former duties within the Department of Defense with little impact on the public.
