

exchange provide for the equitable allocation of reasonable dues, fees, and other charges among Exchange members and issuers and other persons using its facilities.

National securities exchanges obtain funds to pay their section 31 fees to the Commission by charging fees to broker-dealers who generate the covered sales on which section 31 fees are based. An exchange can obtain most of these funds by imposing a fee on one of its members whenever the member is on the sell side of a transaction. However, when the exchange accepts an ITS commitment to buy, the ultimate seller is a party on another market. The exchange lacks the ability to pass a fee to that seller directly, because the seller may not be a member of the exchange. The Commission previously approved an arrangement whereby Phlx collects fees from broker-dealers that place sell orders routed away over ITS,¹¹ then charges fees to or accepts fees from each other ITS participant exchange, depending on whether it is a net sender or net receiver of executed ITS sell orders with respect to that other exchange. The Commission believes that the current proposal, to continue this practice under the NMS Linkage Plan, is a reasonable means for Phlx to obtain funds to pay its section 31 fees on covered sales resulting from NMS Linkage Plan trades and is consistent with the Act.

Under section 19(b)(2) of the Act,¹² the Commission may not approve any proposed rule change prior to the thirtieth day after the date of publication of the notice of filing thereof, unless the Commission finds good cause for so doing. Granting accelerated approval will permit the Exchange to charge the Covered Sale Fee to members and member organizations engaged in executing sale transactions on another exchange through the NMS Linkage Plan at the start of that plan's operation. Moreover, approving this proposal will enable Phlx to charge fees to or accept fees from an ADF participant that is not a member of the Exchange, depending on the net amount of sales between them conducted through ITS. The Commission expects that a non-member ADF participant will not be charged a fee unless it has entered into an agreement with the Exchange subjecting it to such an arrangement. Therefore, the Commission finds good cause for approving the proposed rule change

prior to the thirtieth day after publishing notice of filing thereof in the **Federal Register**. The Commission believes that such action is consistent with the protection of investors and the public interest.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹³ that the proposed rule change (SR-Phlx-2006-60) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

Nancy M. Morris,

Secretary.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Chesapeake and Indiana Railroad Company

[Waiver Docket Number FRA-2006-25793]

The Chesapeake and Indiana Railroad Company (CKIN) seeks a permanent waiver of compliance from Control of Alcohol and Drug Use, 49 CFR Part 219 Subparts D through J, which requires a railroad to conduct reasonable suspicion alcohol and/or drug testing, pre-employment drug testing, random alcohol and drug testing, and to have voluntary referral and coworker report policies, and which also specify drug and alcohol testing procedures and record-keeping requirements. CKIN has less than 16 hours of service employees and previously had no joint operations until the Hoosier Valley Railroad Museum (HVRM) recently began operation of tourist trains on 5 to 10 miles of the 33 miles of track owned by the Incorporated Town of North Judson, Indiana, between North Judson and LaCrosse, Indiana. CKIN conducts freight operations on 23 miles of this 33-mile rail line; however, the only common track use would be a wye track in LaCrosse. HVRM's tourist train operations are normally conducted on weekends and do not operate at the same time as the CKIN freight trains.
