SUPPLEMENTARY INFORMATION:

Background

On December 1, 2005, the Department published, in the **Federal Register**, a notice of the opportunity to request an administrative review of the antidumping duty order on HRS from India, covering the period December 1, 2004, through November 30, 2005. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 70 FR 72109 (December 1, 2005). On December 30, 2005 and January 3, 2006, Nucor Corporation and U.S. Steel Corporation (collectively, petitioners), respectively, requested an administrative review of the above-referenced antidumping order with respect to Essar. On February 1, 2006, the Department initiated the requested administrative review. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 71 FR 5241 (February 1, 2006). On February 10, 2006, Essar submitted a letter to the Department in which it certified that it made no shipments of subject merchandise to the United States during the POR.

On July 14, 2006, the Department published notification of its intent to rescind the instant review in the **Federal Register**. See *Certain Hot-Rolled Carbon Steel Flat Products From India: Notice of Intent to Rescind Administrative Review*, 71 FR 40068 (July 14, 2006) (*Intent to Rescind*). The Department stated in that notice that it intended to rescind the instant administrative review of Essar because U.S. Customs and Border Protection (CBP) data supported the conclusion that there were no entries, exports, or sales of subject merchandise from Essar. The Department provided interested parties an opportunity to comment on the rescission and received no comments.

Scope of the Order

The products covered by the antidumping duty order are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with
