Written comments and other data submitted in response to this notice and the draft toxicological profiles should bear the docket control number ATSDR-225. Send one copy of all comments and three copies of all supporting documents to Ms. Roney at the above stated address by the end of the comment period. Because all public comments regarding ATSDR toxicological profiles are available for public inspection, no confidential business information or other confidential information should be submitted in response to this notice.

FOR FURTHER INFORMATION CONTACT: Ms. Olga Dawkins, Division of Toxicology and Environmental Medicine, Agency for Toxic Substances and Disease Registry, Mailstop E-29, 1600 Clifton Road, NE., Atlanta, Georgia 30333, telephone 1-(888) 422-8737 or (770) 488-3315.

SUPPLEMENTARY INFORMATION: The Superfund Amendments and Reauthorization Act (SARA) (Pub. L. 99-499) amends the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or Superfund) (42 U.S.C. 9601 *et seq.*) by establishing certain

responsibilities for the ATSDR and the U.S. Environmental Protection Agency (EPA) with regard to hazardous substances which are most commonly found at facilities on the CERCLA National Priorities List (NPL). Among these responsibilities is that the Administrator of ATSDR prepare toxicological profiles for substances included on the priority lists of hazardous substances. These lists identified 275 hazardous substances that ATSDR and EPA determined pose the most significant potential threat to human health. The availability of the revised priority list of 275 hazardous substances was announced in the **Federal Register** on December 7, 2005 (70 FR 72840). For prior versions of the list of substances *see Federal Register* notices dated April 17, 1987 (52 FR 12866); October 20, 1988 (53 FR 41280); October 26, 1989 (54 FR 43619); October 17, 1990 (55 FR 42067); October 17, 1991 (56 FR 52166); October 28, 1992 (57 FR 48801); February 28, 1994 (59 FR 9486); April 29, 1996 (61 FR 18744); November 17, 1997 (62 FR 61332); October 21, 1999 (64 FR 56792); October 25, 2001 (66 FR 54014) and November 7, 2003 (68 FR 63098). [CERCLA also requires ATSDR to assure the initiation of a research program to fill data needs

associated with the substances.] Section 104(i)(3) of CERCLA [42 U.S.C. 9604(i)(3)] outlines the content of these profiles. Each profile will include an examination, summary and interpretation of available toxicological information and epidemiologic evaluations. This information and these data are to be used to identify the levels of significant human exposure for the substance and the associated health effects. The profiles must also include a determination of whether adequate information on the health effects of each substance is available or in the process of development. When adequate information is not available, ATSDR, in cooperation with the National Toxicology Program (NTP), is required to assure the initiation of research to determine these health effects.

Although key studies for each of the substances were considered during the profile development process, this **Federal Register** notice seeks to solicit any additional studies, particularly unpublished data and ongoing studies, which will be evaluated for possible addition to the profiles now or in the future.

The following draft toxicological profiles will be made available to the public on or about October 17, 2006.

All profiles issued as "Drafts for Public Comment" represent ATSDR's best efforts to provide important toxicological information on priority hazardous substances. We are seeking public comments and additional information which may be used to supplement these profiles. ATSDR remains committed to providing a public comment period for these documents as a means to best serve public health and our clients.

Administration on Aging

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension of a Currently Approved Information Collection; Program Announcement and Grant Application Instructions Template for the Older Americans Act Title IV Discretionary Grant Program

AGENCY: Administration on Aging, HHS.
ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the

Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on the information collection requirements relating to the standard Program Announcement and Grant Application Instructions template for Older Americans Act Title IV Discretionary Grant Program.

DATES: Submit written or electronic comments on the collection of information by December 18, 2006.

ADDRESSES: Submit electronic comments on the collection of information to: greg.case@aoa.hhs.gov.

Submit written comments on the collection of information to Greg Case, Administration on Aging, Washington, DC 20201 or by fax to (202) 357-3469.

FOR FURTHER INFORMATION CONTACT: Greg Case at (202) 357-3442 or greg.case@aoa.hhs.gov.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency request or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, AoA is publishing notice of the proposed collection of information set forth in this document. With respect to the following collection of information, AoA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of AoA's functions, including whether the information will have practical utility; (2) the accuracy of AoA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology. AoA plans to submit to the Office of Management and Budget for approval *Program Announcement and Grant Application Instructions Template for the Older Americans Act Title IV Discretionary Grants Program*. The Program Announcement and Application Instructions provide the requirements and instructions for the submission of an application for funding opportunities of the Administration on Aging under Title IV of the Older Americans Act. Through its Title IV Program, the Administration on Aging (AoA) supports projects for the purpose of developing and testing new knowledge and program innovations with the potential for contributing to the well-being of older Americans. The Program Announcement template may be found on the AoA Web site at <http://www.aoa.gov/doingbus/doingbus.asp>.

AoA estimates the burden of this collection of information as follows:

Frequency: The number of program announcements published is dependent upon the budget authorization for each Fiscal Year. AoA publishes an average of 10 to 15 program announcements per year.

Respondents: States, public agencies, private nonprofit agencies, institutions of higher education, and organizations including tribal organizations.

Estimated Number of Responses: 300 annually.

Total Estimated Burden Hours: 14,400.

Dated: October 12, 2006.

Josefina G. Carbonell,

Assistant Secretary for Aging.

Centers for Medicare & Medicaid Services

Notice of Hearing: Reconsideration of Disapproval of New York State Plan Amendment 05-49

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice of hearing.

SUMMARY: This notice announces an administrative hearing to be held on November 22, 2006, at 26 Federal Plaza, Room 38-110a, New York, NY, 10278, to reconsider CMS' decision to disapprove New York State plan amendment 05-49.

CLOSING DATE: Requests to participate in the hearing as a party must be received by the presiding officer by November 2, 2006.

FOR FURTHER INFORMATION CONTACT: Kathleen Scully-Hayes, Presiding Officer, CMS, Lord Baltimore Drive, Mail Stop LB-23-20, Baltimore, Maryland 21244. Telephone: (410) 786-2055.

SUPPLEMENTARY INFORMATION: This notice announces an administrative hearing to reconsider CMS' decision to disapprove New York State plan amendment (SPA) 05-49 which was submitted on September 29, 2005. This SPA was disapproved on June 21, 2006.

Under SPA 05-49, New York proposed to extend previously approved provisions that provide funding to home care agencies for the purpose of maintaining or subsidizing health insurance coverage for employed home care workers.

The amendment was disapproved because it did not comport with the requirements of sections 1902(a)(4), 1902(a)(10)(A), 1902(a)(30)(A), and 1905(a) of the Social Security Act (the Act) and implementing regulations.

The issues in this reconsideration are whether:

(1) The proposed payments are for services to eligible individuals within the scope of the eligibility provisions of section 1902(a)(10) of the Act, as applied consistent with the limitations in the definition of medical assistance at section 1905(a) of the Act;

(2) The proposed payments are for services that are within the scope of covered medical assistance, as set forth in section 1905(a) of the Act and incorporated by section 1902(a)(10) of the Act;

(3) It is necessary for the proper and efficient operation of the plan for the State to include in the State plan a provision to provider costs that are not within the statutory definition of medical assistance; and

(4) The proposed payments are consistent with efficiency and economy as required by section 1902(a)(30)(A) of the Act.

We discuss these issues in more detail below, as set forth in the initial disapproval decision. The proposed payments under SPA 05-49 are not for a group or category of individuals who are eligible under the statute under either section 1902(a)(10) of the Act nor as medical assistance for a covered benefit under 1905(a) of the Act. The proposed methodology would directly compensate home health and personal care employers for health insurance costs.

Under the Medicaid statute, Federal funding is only available for medical assistance for Individuals eligible under the approved State plan. Section 1902(a)(10) of the Act lists mandatory and optional groups of individuals who may be eligible for medical assistance. Section 1902(a)(10) of the Act must be read in concert with section 1905(a) of the Act, which defines medical assistance benefits (including additional specification of the categories of eligible individuals).

For the same reasons, SPA 05-49 is not consistent with the requirements of section 1902(a)(4) of the Act. Section 1902(a)(4) of the Act requires that State Medicaid plans provide for methods of administration that are found by the Secretary to be necessary for the proper and efficient operation of the plan. It is not considered necessary for the proper and efficient operation of the plan for the State to include in the State plan a provision which would pay for provider
