

(202) 343-9984; by fax at (202) 233-0643; or by e-mail at: kooyoomjian.jack@epa.gov. General information concerning the SAB can be found on the SAB Web Site at: <http://www.epa.gov/sab>.

Technical Contact: For questions and information concerning the Agency's draft document being reviewed, contact Dr. Mary E. Clark, U.S. EPA, ORIA by telephone at (202) 343-9348, fax at (202) 243-2395, or e-mail at: clark.marye@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act (FACA), Public Law 92-463, the SAB Staff Office hereby gives notice of two public teleconference meetings of the SAB RAC. The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice, consultation, and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. The SAB RAC will comply with the provisions of FACA and all appropriate EPA and SAB procedural policies. The purpose of these teleconferences is to review draft materials prepared by the SAB RAC in preparation of its advisory to the Agency on a draft White Paper: Modifying EPA Radiation Risk Models Based on BEIR VII, dated August 2006.

EPA's Office of Radiation and Indoor Air requested this Advisory from the SAB to obtain advice on the application of BEIR VII and on issues relating to the modifications and expansions of EPA's methodology for estimating radiogenic cancers. The SAB RAC met via conference call on Wednesday, September 6, 2006 and in a face-to-face public meeting in Washington, DC on September 26, 27, and 28, 2006 (See 71 FR 45545, August 9, 2006) as a part of this advisory. The public teleconferences announced in this **Federal Register** notice are a follow-up to previous meetings and provide an opportunity for the SAB RAC to deliberate on their draft advisory.

Availability of Teleconference Materials: The teleconference agenda and SAB RAC draft materials will be posted on the SAB Web Site at: <http://www.epa.gov/sab> prior to each teleconference. Additional background information on this review includes the draft White Paper (available at: <http://epa.gov/radiation/news/recentadditions.htm>) and background materials, such as the BEIR VII document (available at: <http://newton.nap.edu/catalog/11340.html#toc>).

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB RAC to consider during the advisory process. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker with no more than a total of fifteen minutes for all speakers. Interested parties should contact the DFO, contact information provided above, in writing via e-mail seven days prior to the teleconference meeting date. For the Tuesday, November 28, 2006 teleconference meeting, the deadline is Tuesday, November 21, 2006. For the Monday, December 18, 2006 meeting, the deadline is Monday, December 11, 2006 to be placed on the public speaker list. **Written Statements:** Written statements should be received in the SAB Staff Office seven days prior to the teleconference meeting. For the Tuesday, November 28, 2006 teleconference meeting, the deadline is Tuesday, November 21, 2006; for the Monday, December 18, 2006 meeting the deadline is Monday, December 11, 2006, so that the information may be made available to the SAB RAC for their consideration. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. K. Jack Kooyoomjian at (202) 343-9984 or kooyoomjian.jack@epa.gov. To request accommodation of a disability, please contact Dr. Kooyoomjian preferably at least 10 days prior to the teleconference, to give EPA as much time as possible to process your request.

Dated: October 19, 2006.

Anthony F. Maciorowski,
*Associate Director for Science, EPA Science
Advisory Board Staff Office.*

FEDERAL COMMUNICATIONS COMMISSION

[DA 06-1748]

LPTV and TV Translator Digital Companion Channel Applications Non-Mutually Exclusive Proposals

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Media Bureau and Wireless Telecommunications Bureau (Bureaus) announce processing procedures for singleton proposals for digital companion channels. The parties listed in the Attachment A to the Public Notice must submit a complete FCC Form 346 following the procedures set forth in the Public Notice.

DATES: The deadline for submitting FCC Form 346 is October 30, 2006.

FOR FURTHER INFORMATION CONTACT: Shaun Maher of the Video Division, Media Bureau, at (202) 418-1600.

SUPPLEMENTARY INFORMATION: On April 20, 2006, the Media Bureau and Wireless Telecommunications Bureau (Bureaus) announced a filing window for certain low power television (LPTV) and television translator stations to submit proposals for digital companion channels. In the Public Notice, the Video Division of the Media Bureau provided a list of all proposals received during the filing window that are not mutually exclusive with any other proposal submitted in the filing window. Since these proposals are not mutually exclusive with any other proposal (and are therefore deemed "singletons"), they will not be subject to the Commission's auction procedures. In the Public Notice, the Video Division announced processing procedures for these singleton proposals. The parties listed in the Attachment A to the Public Notice must submit an FCC Form 346 by October 30, 2006. Applications must be filed electronically and paper-filed applications will not be accepted. Complete instructions for filing the FCC Form 346 were included in the Public Notice.

In addition, the Public Notice reminded applicants proposing digital companion channels on channels 52-59 that they must certify in their long form application the unavailability of any suitable in-core channel. "Suitable in-core channel" is defined as one that would enable the station to produce a digital service area comparable to its analog service area.

In addition, § 74.786(d) of the Commission's rules provides that applicants proposing digital companion channels on channels 52-59 must notify all potentially affected 700 MHz band wireless licensees of the spectrum comprising the proposed TV channel and the spectrum in the first adjacent channels thereto not later than 30 days prior to the submission of their long form application. Specifically, notification is required to wireless

licensees within whose licensed geographic boundaries a digital LPTV or TV translator station is proposed to be located. Notification is also required to co-channel and first adjacent channel licensees whose geographic service area boundaries lie within 75 miles and 50 miles, respectively, of the proposed digital LPTV and TV translator station location. The application filing deadline has been extended an additional 30 days to permit additional time for this notification. The identity and contact information for all wireless entities in the 700 MHz band is available through the Universal Licensing System (ULS) on the Commission Web site (<http://www.fcc.gov>).

Federal Communications Commission.
Barbara Kreisman,
Chief, Video Division, Media Bureau.

Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

FEDERAL TRADE COMMISSION

Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
