Retaliation for Engaging in Protected Activity

A Federal agency cannot retaliate against an employee or applicant because that individual exercises his or her rights under any of the Federal antidiscrimination or whistleblower protection laws listed above. If you believe that you are the victim of retaliation for engaging in protected activity, you must follow, as appropriate, the procedures described in the Antidiscrimination Laws and Whistleblower Protection Laws sections or, if applicable, the administrative or negotiated grievance procedures in order to pursue any legal remedy.

Disciplinary Actions

Under the existing laws, each agency retains the right, where appropriate, to discipline a Federal employee for conduct that is inconsistent with Federal Antidiscrimination and Whistleblower Protection Laws up to and including removal. If OSC has initiated an investigation under 5 U.S.C. 1214, however, according to 5 U.S.C. 1214(f), agencies must seek approval from the Special Counsel to discipline employees for, among other activities, engaging in prohibited retaliation. Nothing in the No FEAR Act alters existing laws or permits an agency to take unfounded disciplinary action against a Federal employee or to violate the procedural rights of a Federal employee who has been accused of discrimination.

Additional Information

For further information regarding the No FEAR Act regulations, refer to 5 CFR part 724, as well as the appropriate offices within the Tennessee Valley Authority (e.g., Equal Opportunity Compliance, Human Resources, the Office of the Inspector General, and TVA's Ombudsman). Additional information regarding Federal antidiscrimination, whistleblower protection and retaliation laws can be found at the EEOC Web site—<http://www.eeoc.gov> and the OSC Web site—<http://www.osc.gov>.

Existing Rights Unchanged

Pursuant to section 205 of the No FEAR Act, neither the Act nor this notice creates, expands or reduces any rights otherwise available to any employee, former employee or applicant under the laws of the United States.

L. 109–59 and 49 U.S.C. 47113, Pub. L. 105–178. The key part of the collection is a requirement that state and local governments subject to the DBE program report to the Secretary of Transportation on DBE participation, as well as maintain a directory of DBE firms and report to the Secretary concerning the composition of the directory. If these reporting requirements were not available, firms controlled by minorities would not achieve the appropriate participation in DOT programs, and the Department would not be able to identify its recipients and evaluate the extent to which financial assistance recipients have been awarded a reasonable amount of contracting dollars to DBEs.

In order to minimize the burden on DOT recipients the Department has limited its informational request and reporting frequency to that necessary to meet its program and administrative monitoring requirements. The information request consists of 17 data items on one page and one attachment, to be completed on a semi-annual basis (for FHWA and FTA programs) or an annual basis (for FAA programs).

Respondents: DOT financially-assisted state and local transportation agencies.

Estimated Number of Respondents: 1,057.

Comments are Invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection;

(c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
