

**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

**Information Collection Requirement**

*Title:* Registered Traveler Pilot (RT) Pilot Program; Satisfaction and Effectiveness Measurement Data Collection Instruments.

*Type of Request:* Extension of a currently approved collection.

*OMB Control Number:* 1652-0019.

*Forms(s):* Electronic enrollment application; satisfaction survey.

*Affected Public:* Applicants to the RT program and lead stakeholders.

*Abstract:* TSA is expanding the scope of the Registered Traveler (RT) Pilot Program, which is currently in operation at one airport and is already approved by OMB, to test and evaluate specific technologies and business processes related to the RT concept. In addition, TSA will add additional locations using the RT Pilot Program's public/private partnership. Based on information collected from Sponsoring Entities, TSA will retain enrollment information for purposes of completing and adjudicating name-based security threat assessments and allow Sponsoring Entities to issue an RT card to approved applicants. TSA will also administer two collections to solicit feedback: (1) Customer satisfaction surveys and (2) stakeholder interviews. For pre-qualification, TSA will collect information from companies seeking to participate in the RT program as Service Providers, including personally identifying information about company key personnel in order to conduct security threat assessments. Currently,

with OMB's approval, airport authorities or aircraft operators who wish to participate in the RT program are submitting the suggested Statements of Interest.

*Number of Respondents:* 744,204.

*Estimated Annual Burden Hours:* An estimated 236,818 hours annually. After further evaluation, TSA has adjusted the number of respondents and estimated annual burden hours reported in its July 18, 2006 notice.

Issued in Arlington, Virginia, on October 30, 2006.
