

3. Executive Orders

Executive Order 12988 (February 5, 1996) requires agencies to state in clear language the preemptive effect, if any, to be given to any new regulation. The amendments proposed below, if issued on a final basis, would modify two flammability standards issued under the FFA. With certain exceptions which are not applicable here, no State or political subdivision of a State may enact or continue in effect "a flammability standard or other regulation" applicable to the same fabric or product as an FFA standard if the State or local flammability standard or regulation is "designed to protect against the same risk of the occurrence of fire" unless the State or local flammability standard or regulation "is identical" to the FFA standard. See section 16 of the FFA (15 U.S.C. 1203). Consequently, if issued as proposed, the amendments proposed below would preempt nonidentical State or local flammability standards or regulations that are intended to address the unreasonable risk of the occurrence of fire associated with ignition of carpets and rugs.

In accordance with Executive Order 12612 (October 26, 1987), the Commission certifies that the proposed amendments do not have sufficient implications for federalism to warrant a Federalism Assessment.

Conclusion

Therefore, pursuant to the authority of section 30(b) of the Consumer Product Safety Act (15 U.S.C. 2079(b)) and sections 4 and 5 of the Flammable Fabrics Act (15 U.S.C. 1193, 1194), the Commission hereby proposes to amend title 16 of the Code of Federal Regulations, Chapter II, Subchapter D, Parts 1630 and 1631 to read as follows below.

I. Background on the Indiana Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act * * *; and rules and regulations consistent with

regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior (Secretary) conditionally approved the Indiana program effective July 29, 1982. You can find background information on the Indiana program, including the Secretary’s findings, the disposition of comments, and the conditions of approval of the Indiana program in the July 26, 1982, **Federal Register** (47 FR 32071).
