[Docket No. CP07-19-000]

Southern Natural Gas Company; Notice of Application

November 9, 2006.

Take notice that on October 30, 2006, Southern Natural Gas Company (Southern), 1900 Fifth Avenue North, Birmingham, Alabama 35203, filed an application in Docket No. CP07-19-000, pursuant to section 7(b) of the Natural

Gas Act for permission and approval to abandon, by removal, the Olga Compressor Station (Olga Station), located offshore, Louisiana, all as more fully set forth in the application which is on file with the Commission and open for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding this Application should be directed Patrick B. Pope, Vice President and General Counsel, Southern Natural Gas Company, Post Office Box 2563, Birmingham, Alabama 35202-2563 at (205) 325-7126, or Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, Post Office Box 2563, Birmingham, Alabama 35202-2563 at (205) 325-7696.

Southern states that due to severe damage following Hurricane Katrina, it now seeks to abandon a total of 4,620 horsepower at its Olga Station. Southern's Olga Station is located at Coquille Point off of the Coquille Bay on Southern's Main Pass/Franklinton Loop Line, offshore, Louisiana.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as

possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: November 30, 2006.
