#### **Modine Manufacturing, Blythewood, SC; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application postmarked October 31, 2006, a worker requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The determination was issued on October 12, 2006. On October 25, 2006, the Department's Notice of determination was published in the **Federal Register** (71 FR 62490).

The negative determination was based on the Department's findings that the subject firm did not shift production abroad during the relevant period, that subject firm sales increased from 2004 to 2005 while production remained constant, and that there were no decline in either sales or production in January through August 2006 compared to the same period in 2005.

In the request for reconsideration, the worker provided additional information regarding the subject firm's closure (July 20, 2006 WARN letter: "It is anticipated that the plant closing will commence on September 15 2006 and will continue into 2007").

The Department has carefully reviewed the request for reconsideration and has determined that the Department will conduct further investigation.

#### **Conclusion**

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Dated: November 16, 2006.

By letter dated October 18, 2006, United Steelworkers Local 1527 AFL-CIO requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA) applicable to workers of the subject firm. The negative determination was signed on September 7, 2006, and was published in the **Federal Register** on September 21, 2006 (71 FR 55218).

The workers of Rexnord Industries, LLC, Industrial Chain and Conveyor Division, Milwaukee, Wisconsin, were certified eligible to apply for Trade Adjustment Assistance (TAA) on September 7, 2006.

Additional investigation has determined that the workers possess skills that are not easily transferable. A significant number or proportion of the worker group are age 50 years or over. Competitive conditions within the industry are adverse.

By application dated September 12, 2006 and by application dated September 18, a company official and United Steelworkers 12-14A, District 2, requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA), applicable to workers and former workers of the subject firm. The denial notice was signed on August 16, 2006 and published in the **Federal Register** on September 6, 2006 (71 FR 52584).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The petition for the workers of Rodman Industries, Marinette, Wisconsin was denied because criteria (a)(2)(A)(I.B) and (a)(2)(B)(II.B) were not met. The negative determination was based on the findings that sales and production of particle board by the subject firm increased from 2004 to 2005 and from January through June of 2006 when compared with the same period in 2005.
