The Office of Surface Mining (OSM) will be a cooperating agency in the preparation of the EIS.

If the Alton Tract is leased, the OSM is the Federal agency that would prepare the documentation for the Assistant Secretary, Land and Minerals Management decision to approve, approve with conditions, or disapprove the Mining Plan. The BLM will provide interested parties the opportunity to submit comments or relevant information or both. This information will help BLM identify issues to be considered in preparing a draft EIS for the Alton Tract. Specific issues that have been identified at this time include: potential impacts in the vicinity of the tract to city and county facilities and occupied residences; livestock grazing, big game herds and hunting, sage grouse, listed threatened and endangered species, alluvial valley floors; potential health issues related to blasting operations conducted by the mines to remove overburden and coal; site-specific and cumulative impacts on air and water quantity/quality; and the need to consider the cumulative impacts of coal leasing decisions combined with other existing and proposed development in the affected areas.

The area included within this lease application was part of a larger area analyzed in response to a petition filed under Section 522 of the Surface Mining Control and Reclamation Act of 1977 to have federal lands declared unsuitable for all types of surface coal mining operations. The petition sought to have the lands declared unsuitable for coal mining because of impacts to air quality, visual resources, fish and wildlife resources, geologic features within Bryce Canyon National Park, and hydrology. The petitioners also questioned whether the lands could be reclaimed after mining. After an extensive evaluation, which included input from the public and a combined petition evaluation and environmental impact statement, the Secretary of the Interior, on December 16, 1980,

determined that the coal lands included in this lease application were not unsuitable for surface coal mining operations. The Secretary's decision is documented in a secretarial decision document entitled, "Petition to Designate Certain Federal Lands in Southern Utah Unsuitable for Surface Coal Mining" (OSM Reference No: 79-5-001).

Alton LLC has applied for a permit with the State of Utah to mine fee coal on private lands adjacent to this federal tract. That permit application is in progress and this federal tract, if approved, would be a continuation of that mining operation.

Your response is important and will be considered in the EIS process. If you respond, the BLM will keep you informed of the availability of environmental documents that address impacts that might occur from this proposal.

Please note that comments and information submitted regarding this project including names, electronic mail addresses, and street addresses of the respondents will be available for public review and disclosure at the Kanab Field Office.

If you comment as a private individual in your personal capacity, you may ask us to withhold personal identifying information from the public. You must do so prominently in writing at the beginning of your comments and must tell us precisely what you want us to withhold. You also must explain in detail why releasing that personal identifying information to the public would constitute a clearly unwarranted invasion of privacy. Individuals may request confidentiality. General assertions that are not supported by specific facts will not meet that burden.

We will withhold personal identifying information from release to the public in response to your request only where, in our judgment, you present sufficient factual justification for our doing so under current laws, regulations, and court decisions. Typically, notwithstanding your request, in all but the most exceptional circumstances, we will release to the public all of the personal identifying information that you submit.

If you comment as or on behalf of an organization or business, we will release your comments to the public in their entirety, including all personal identifying information. We will not consider a request from an organization or business, or anyone commenting on behalf of an organization or business, that we withhold any personal

identifying information from release to the public.

Kanab Field Manager.

Notice of Minerals Management Service Production Data Workshop

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of public workshop.

SUMMARY: The Minerals Management Service (MMS) is announcing an opportunity for producers to participate in a production data workshop. The purpose of the workshop is to gather comments and input from a variety of stakeholders and the public. Information about the workshop, registration, and the agenda is available on our Web site at <http://www.mrm.mms.gov/ReportingServices/ETFormProd.htm>.

DATE: Tuesday, December 5, 2006, from 9 a.m. to 4 p.m. central time.

ADDRESSES: The workshop will be held at the Minerals Revenue Management office, 4141 N. Sam Houston Parkway East, Suite 202, Houston, Texas.

FOR FURTHER INFORMATION CONTACT: Lorraine Corona, Minerals Management Service, Minerals Revenue Management, P.O. Box 25165, MS 350B1, Denver, Colorado 80225-0165, telephone (303) 231-3671, FAX (303) 462-9889, or e-mail lorraine.corona@mms.gov.

SUPPLEMENTARY INFORMATION: The availability of accurate and current oil and gas production data from Federal and Indian leases is an ongoing issue of concern to MMS, the Bureau of Land Management, and the oil and gas industry. This workshop will provide an opportunity for discussion of options for streamlining and/or improving the process of collecting and disseminating oil and gas production data. The reporting of production and shut-in statistics during hurricanes will also be discussed. The workshop will include breakout sessions to identify and facilitate discussion of short/mid/long-term possible solutions. Attendees will be able to comment on the scope, proposed action, and possible alternatives MMS should consider. We will post the workshop minutes and

comments on our Web site at <http://www.mrm.mms.gov>.

Due to security requirements, attendees will need a picture ID to be admitted into Suite 202. The site for the public workshop is accessible to individuals with physical impairments. If you need a special accommodation to participate in the workshop (e.g., interpretive service, assistive listening device, or materials in alternative format), please notify Ms. Corona no later than 2 weeks prior to the scheduled workshop. Although we will make every effort to accommodate requests received, it may not be possible to meet every request.

Dated: November 1, 2006.

National Park System Advisory Board; Meeting

AGENCY: National Park Service, Interior.

ACTION: Notice of meeting.

Notice is hereby given in accordance with the Federal Advisory Committee Act, 5 U.S.C. Appendix, that the National Park System Advisory Board will meet December 14-15, 2006, in Washington, DC. On December 14, the Board will tour National Park sites in the National Capital Region and will be briefed by park officials regarding environmental, education and partnership programs. The Board will convene its business meeting on December 15 at 8:30 a.m., EST, at the Jurys Washington Hotel, 1500 New Hampshire Avenue, NW., Washington, DC 20036, telephone 202-483-6000. The Board will be addressed by National Park Service Director Mary Bomar and will receive the reports of its Committee on Health and Recreation, Committee on Philanthropy, Education Committee, National Landmarks Committee, National Parks Science Committee, and Partnerships Committee. The business meeting will be adjourned at 5 p.m. National Historic Landmark and National Natural Landmark matters will be considered during the afternoon session.

Other officials of the National Park Service and the Department of the Interior may address the Board, and other miscellaneous topics and reports may be covered. The order of the agenda

may be changed, if necessary, to accommodate travel schedules or for other reasons.

The Board meeting will be open to the public. Space and facilities to accommodate the public are limited and attendees will be accommodated on a first-come basis. Anyone may file with the Board a written statement concerning matters to be discussed. The Board also may permit attendees to address the Board, but may restrict the length of the presentations, as necessary to allow the Board to complete its agenda within the allotted time.

Anyone who wishes further information concerning the meeting or who wishes to submit a written statement may contact Ms. Jennifer Lee, Office of the Director, National Park Service; 1849 C Street, NW., Room 3147; Washington, DC 20240; telephone 202-219-1689.

Draft minutes of the meeting will be available for public inspection about 12 weeks after the meeting, in room 7252, Main Interior Building, 1849 C Street, NW., Washington, DC.

Dated: November 17, 2006.
