

than 200,000,000 bushels shall be entitled to three Board members; and (5) units with 200,000,000 bushels or more shall be entitled to four Board members.

A proposed rule was published in the **Federal Register** (71 FR 41741) on July 24, 2006, with a 30-day comment period. The Department received no comments.

The increase in representation on the Board, from 64 to 68 members, is based on average production levels for the years 2001–2005 (excluding the crops in years in which production was the highest and in which production was the lowest) as reported by the Department of Agriculture’s National Agricultural Statistics Service in the “Crop Production 2005 Summary”, which was published in January 2006.

The number of geographical units remains at 30. This final rule increases Board membership from 64 members to 68 members effective with 2007 nominations and appointments.

This final rule adjusts representation on the Board as follows:

State	Previous representation	Current representation
Nebraska	3	4
North Dakota	2	3
Pennsylvania	1	2
Virginia	1	2
