

interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket Nos. CP06-12-000 and CP06-13-000]

#### Gulf LNG Energy, LLC and Gulf LNG Pipeline, LLC; Notice of Availability of the Final Environmental Impact Statement for the LNG Clean Energy Project

November 24, 2006.

The staff of the Federal Energy Regulatory Commission (FERC or Commission), in cooperation with the U.S. Coast Guard (Coast Guard), has prepared this final Environmental Impact Statement (EIS) for the construction and operation of the liquefied natural gas (LNG) import terminal and natural gas pipeline facilities, referred to as the LNG Clean

Energy Project, as proposed by Gulf LNG Energy, LLC and Gulf LNG Pipeline, LLC (collectively referred to as Gulf LNG) in the above-referenced dockets.

This final EIS was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the LNG Clean Energy Project, with appropriate mitigating measures as recommended, would have limited adverse environmental impact. The final EIS evaluates alternatives to the proposed action, including the Coast Guard's alternatives to issuing a Letter of Recommendation, system alternatives, alternative sites for the LNG import terminal, and pipeline alternatives. The final EIS also contains our Essential Fish Habitat Assessment.

The final EIS addresses the potential environmental effects of construction and operation of the following facilities near the City of Pascagoula in Jackson County, Mississippi:

- A ship berth and unloading facilities (i.e., marine facilities) capable of accommodating one LNG ship;
- LNG transfer systems;
- Two 160,000 cubic meter full containment LNG storage tanks;
- 10 high-pressure submerged combustion vaporizers;
- Vapor handling systems;
- Hazard detection and response equipment, ancillary utilities, buildings, and service facilities;
- A 5.0-mile-long, 36-inch-diameter natural gas sendout pipeline; and
- Associated pipeline support facilities, including three interconnects/meter stations, one pig launcher, and one pig receiver.

The analysis also includes operation of LNG vessels in the waterway from the territorial seas until moored at the proposed LNG terminal.

The general purpose of the LNG Clean Energy Project is to provide up to 1.5 billion cubic feet per day of natural gas to markets in the United States.

The final EIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

A limited number of copies of the final EIS are available from the Public Reference and Files Maintenance Branch identified above. In addition, CD copies of the final EIS have been mailed to federal, state, and local agencies; elected officials; public interest groups; individuals and affected landowners;

libraries; newspapers; and parties to these proceedings.

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at:

[FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at 1-866-208-3676, or for TTY at (202) 502-8659. The eLibrary link on the FERC Internet website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to the eSubscription link on the FERC Internet Web site.

Information about the project is also available from the Coast Guard by contacting Captain James Bjostad, Captain of the Port, Sector Mobile, at (251) 441-5960.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Application Accepted for Filing and Soliciting Motions To Intervene, Protests and Comments

(November 27, 2006)

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Type of Application:* Preliminary Permit.

b. *Project No.:* 12741-000.

c. *Date filed:* September 19, 2006.

d. *Applicant:* Albany Engineering Corporation.

e. *Name of Project:* Thomson Hydroelectric Project.

f. *Location:* On the Hudson River, in Saratoga and Washington Counties, New

York. Dam is owned by New York State Canal Corporation.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. §§ 791(a)–825(r).

h. *Applicant Contact:* Mr. James A. Besha, P.E., Albany Engineering Corporation, 447 New Karner Road, Albany, NY 12205, (518) 456–7712, [jim@albanyengineering.com](mailto:jim@albanyengineering.com).

i. *FERC Contact:* Patricia W. Gillis at (202) 502–8735.

j. *Deadline for filing comments, protests, and motions to intervene:* January 30, 2007.

All documents (original and eight copies) should be filed with Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please include the project number (P–12741–000) on any comments, protests, or motions filed.

k. *Description of Project:* The proposed project would utilize an existing dam owned by New York State Canal Corporation and consist of: (1) An existing 835-foot-long, 12-foot-high concrete dam; (2) an existing impoundment having a surface area of 2,750 acres and a storage capacity of 3,350 acre-feet with a normal water surface elevation of 101.1 feet mean sea level; (3) a proposed underground powerhouse containing one generating unit with an installed capacity of 20-megawatts; (4) a proposed tailrace; (5) a proposed 8,000-foot-long, 34.5-kilovolt transmission line; and (6) appurtenant facilities. The proposed project would have an estimated annual generation of approximately 65-gigawatt-hours. The applicant plans to sell the generated energy to a local utility.

l. *Location of Application:* A copy of the application is available for inspection and reproduction at the Commission in the Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call toll-free 1–866–208–3676 or e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov). For TTY, call (202) 502–8659. A copy is also available for inspection and reproduction at the address in item h above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Competing Preliminary Permit*—Anyone desiring to file a competing application for preliminary permit for a

proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

o. *Competing Development Application*—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

p. *Notice of Intent*—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

q. *Proposed Scope of Studies under Permit*—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

r. *Comments, Protests, or Motions to Intervene*—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the

Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper; See 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under “e-filing” link. The Commission strongly encourages electronic filing.

s. *Filing and Service of Responsive Documents*—Any filings must bear in all capital letters the title “COMMENTS”, “RECOMMENDATIONS FOR TERMS AND CONDITIONS”, “PROTEST”, “MOTION TO INTERVENE”, “NOTICE OF INTENT”, or “COMPETING APPLICATION”, as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

t. *Agency Comments*—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

**Magalie R. Salas,**  
Secretary.
