

necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with implementation of Public Law No: 109-171 Deficit Reduction Act (DRA) of 2005. CMS does not have sufficient time to complete the normal PRA clearance process.

We request this Paperwork Reduction Act clearance under an emergency approval process to allow States to implement the following DRA provisions: 6036, 6041, 6042, 6043, 6044, and 6083. This emergency request is to ensure that statutory effective dates of the provisions are not missed.

1. *Type of Information Collection Request:* New Collection; *Title of Information Collection:* Alternative Benefits State Plan Amendment Health Opportunity Accounts (HOA) Demonstration Program; *Use:* The DRA provides States with numerous flexibilities in operating their State Medicaid programs. For example, Section 6082 of the DRA allows up to 10 States to operate Medicaid demonstrations to test alternative systems for delivering their Medicaid benefits. Under these demonstrations, States would have the flexibility to deliver their Medicaid benefits to volunteer beneficiaries through a program that is comprised of an HOA and a High Deductible Health Plan (HDHP). Under the DRA, States can submit a State Plan Pre-print to CMS to effectuate this change to their Medicaid programs. CMS will provide a State Medicaid Director letter providing guidance on this provision and the implementation of the DRA and the associated State Plan Amendment template for use by States to modify their Medicaid State Plans if they choose to implement this flexibility;

Form Number: CMS-10216 (OMB#: 0938-New); *Frequency:* Reporting; One-time; *Affected Public:* State, Local or Tribal Government; *Number of Respondents:* 56; *Total Annual Responses:* 10; *Total Annual Hours:* 10.

CMS is requesting OMB review and approval of these collections by December 22, 2006, with a 180-day approval period. Written comments and recommendations will be considered from the public if received by the individuals designated below by December 18, 2006.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995/> or E-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR Part 1320. The Social Security Act requires that applicant organizations, offering Part C benefits for January 2008 be contracted with CMS for their approved service area with open enrollment beginning on November 15, 2007. Further, the Act requires the submission of Part C benefit bids from applicant organizations by the

first Monday in June of 2007. In order to meet the Medicare Prescription Drug Improvement and Modernization Act requirements, key preceding events must occur. If these events do not occur according to the statutorily mandated timeline, other statutory requirements will not be met.

For the 2008 contract year, CMS is implementing several steps to reduce the person-hours necessary to complete the Part C solicitations. These steps include automating substantial portions of the Part C Plan solicitations within CMS' Health Plan Management System (HPMS) and streamlining key information previously requested by attachments.
