National Institute of Dental & Craniofacial Research; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the National Advisory Dental and Craniofacial Research Council.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and/or contract proposals and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications and/or contracts proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Advisory Dental and Craniofacial Research Council.

Date: January 22, 2007.

Open: 8:30 a.m. to 12 p.m.

Agenda: Directors' Report, Budget Update, The NIEHS ONES Program: Encouraging New Investigators, Center for Scientific Review: New Approaches in Peer Review for New Investigators

Place: National Institutes of Health, Building 31, C Wing, 31 Center Drive, 6th Floor, Conference Room 6, Bethesda, MD 20892.

Closed: 1 p.m. to 4:30 p.m.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: National Outcome Measures (NOMs) for Consumers Receiving Mental Health Services—NEW

The mission of SAMHSA's Center for Mental Health Services (CMHS) is to treat mental illnesses by promoting mental health and by preventing the development or worsening of mental illness when possible. Congress created CMHS to bring new hope to adults who have serious mental illnesses and to children with serious emotional disorders.

The purpose of this proposed data activity is to promote the use of consistent measures among CMHS grantees and contractors funded through the Program of Regional and National Significance (PRNS) and Children's Mental Health Initiative (CMHI) budget

lines. The common National Outcome Measures recommended by CMHS are a result of extensive examination and recommendations, using consistent criteria, by panels of staff, experts, and grantees. Wherever feasible, the proposed measures are consistent with or build upon previous data development efforts within CMHS. This activity will be organized to reflect and support the domains specified for SAMHSA's NOMs. The use of consistent measurement for specified outcomes across CMHS-funded projects will improve the ability of SAMHSA and CMHS to respond to the Government Performance and Results Act (GPRA) and the Office of Management and Budget Program Assessment Rating Tool (PART) evaluations.

A separate data collection form will be used for adults and children but will be parallel in design. NOMs data will be collected at baseline with a periodic reassessment being conducted at either three or six months for as long as the client remains in treatment. Programs have selected either a three or six month reassessment interval based on their treatment protocol. The proposed data collection will cover eight of the ten domains in NOMs. The Cost-Effectiveness and Evidence-Based Practices domains are under development. Completion of these domains will require input from other sources and is anticipated for Summer 2007.

Total Number		36		33

¹ Retention is measured at the first interview for a continuing consumer (baseline), follow-up interview, and discharge interview. The survey was modified to include an item in Section K (Services Received) where the provider will indicate whether the consumer received Inpatient Psychiatric Care within the past 6 months; specifically, item 3 under Treatment Services.

In addition to questions asked of clients related to the NOMs domains, programs will be required to abstract

information from client records on the services received.

Following is the estimated annual response burden for this effort.
