SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement

PRSI, the purchaser of the Crown Central Petroleum refinery at Pasadena, Texas, requested judicial review of various letters sent by EPA officials in response to an inquiry from PRSI to determine whether PRSI would qualify for small refiner status under 40 CFR 80.550 of EPA's Nonroad Diesel regulations. Petitioners also requested judicial review of EPA's decision to approve, in part, PRSI's request for hardship relief under 40 CFR 80.560 of EPA's Nonroad Diesel regulations. The proposed settlement would resolve these lawsuits.

The proposed settlement agreement is available for review in the docket described above. For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of

Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

PRSI has claimed that a dollar amount contained in section A.5 of the attached compliance plan contains confidential business information ("CBI"). EPA has not determined whether the term is entitled to confidential treatment under EPA's Freedom of Information Act regulations. 40 CFR part 2, subpart B. According to our regulations, EPA can not release information claimed as confidential before a CBI determination is made. *Id.* Therefore, EPA has redacted that term for purposes of this notice, based on this claim. EPA invites comment on all aspects of the proposed settlement and the appropriateness of its terms, including comments regarding the appropriate dollar amount to include in section A.5.

II. Additional Information About Commenting on the Proposed Settlement

A. How Can I Get a Copy of the Settlement?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2006-0932) contains a copy of the settlement. An electronic version of the public docket is available through <http://www.regulations.gov>. You may use the www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

B. How and To Whom Do I Submit Comments?

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2006-0932. You may submit comments as provided in the **ADDRESSES** section. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.
