Land Proposed for Sale:

Mount Diablo Meridian, Nevada

T. 23 S., R. 61 E.,

Section 9, S¹/₂SE¹/₄NW¹/₄NW¹/₄ and N¹/₂SW¹/₄SE¹/₄NW¹/₄.

The lands described above contain 10.0 acres, more or less.

The City of Henderson wishes to address critical transportation needs and further enhance the gateway to the City by eliminating a truck stop and fuel refilling facility adjacent to the St. Rose Parkway/Las Vegas Boulevard/Haven road interchange. The City of Henderson, by letters dated March 21, 2006 and April 17, 2006, has proposed that 10.0 acres of public lands be sold to M Holdings, LLC (MHLLC). Consistent with these goals and the City of Henderson's approved development and design standards, MHLLC has acquired, and is the owner of record for most of the remaining lands surrounding the subject Federal parcels, including the truck stop and related facilities. As such, MHLLC controls physical and legal access to both parcels, and MHLLC has worked cooperatively with the City of Henderson, including entering into appropriate transportation and access agreements as part of an overall redevelopment plan for the surrounding land. The City of Henderson has applied for a lease and/or patent pursuant to the authority of the Recreation and Public Purposes Act of 1926, as amended, for other public lands adjacent to the subject Federal parcels, in furtherance of this planned project.

The project, known as the M Resort, will be built at the southeast corner of Las Vegas Boulevard and St. Rose Parkway. The master planned M. Resort is to include the development of an Urban Village with 1,900 condominium units, retail space, a 5,000-seat amphitheater, a fire station and a public park. The subject Federal parcels consist of two 5-acre parcels. One of the parcels will be incorporated into a public parking garage that will support overall development. The second 5-acre parcel will be included as a portion of the proposed convention center adjacent to the planned hotel. Collectively, these parcels are integral components of the overall 72-acre development approved by the City of Henderson. Through

extensive collaboration and partnership with the City of Henderson, MHLLC has agreed to provide extensive off-site utility and roadway improvements in excess of \$30 million. MHLLC will be responsible for financing and constructing all infrastructure improvements including major roadway improvements and a new fire station, public parking garage and convention center, and a public park.

Federal regulations governing sales of lands at 43 CFR 2711.3-3 state that (a) "Direct sales (without competition) may be utilized, when in the opinion of the authorized officer, a competitive sale is not appropriate and the public interest would best be served by direct sale." Examples include, but are not limited to a tract identified for sale that is an integral part of a project of public importance and speculative bidding would jeopardize a timely completion and economic viability of the project, and circumstances where the adjoining ownership pattern and access indicate a direct sale is appropriate."

Because MHLLC owns the adjacent private parcels, controls access to the Federal parcels, and is involved with a larger master-planned project involving the City of Henderson, the authorized officer has concluded that a direct sale is warranted.

The proposed sale is consistent with the BLM's Las Vegas Resource Management Plan and would serve important public objectives which cannot be achieved prudently or feasibly elsewhere. The subject parcels lack physical or legal access other than that owned and controlled by MHLLC and they contain no other known public values. The subject parcels have not been identified for transfer to the State or any other local government or non-profit organization and this action is strongly supported by the City of Henderson. The environmental assessment, map, and approved appraisal report covering the proposed sale are available for review at the BLM Las Vegas Field Office, Las Vegas, Nevada (LVFO).

Minerals from this parcel will be reserved in accordance with the BLM's approved Mineral Potential Report dated January 22, 1999. Minerals to be reserved to the United States are oil and gas and all saleable minerals. Acceptance of the offer to purchase will constitute an application for conveyance of the unreserved "no known value" mineral interests. In conjunction with the final payment, the applicant for unreserved "no known value" mineral interests will be required to pay a \$50.00 non-refundable filing fee for processing the conveyance of the
