Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Ms. Laura Bozzi, Pacific Fishery Management Council, telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The primary purpose of the meeting is to develop an additional analytical alternative in support of the Council's goal to create a regulatory structure that ensures maximum retention of catch and appropriate monitoring for the West Coast shoreside Pacific whiting fishery. This alternative would be a hybrid of alternatives already adopted in November 2006 by the Council for analysis; it will combine elements of the observer-based alternative and the electronic monitoring system-based alternative. The new alternative developed by the Ad Hoc Group is scheduled be considered by the Council at its March 4-9, 2007 meeting in Sacramento, CA.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery

Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
