

competition among markets that trade the Notes.

In addition, the Commission finds that the proposal is consistent with Section 12(f) of the Act,¹⁰ which permits an exchange to trade, pursuant to UTP, a security that is listed and registered on another exchange.¹¹ The Commission notes that it previously approved the listing and trading of the Notes on NYSE.¹² The Commission also finds that the proposal is consistent with Rule 12f-5 under the Act,¹³ which provides that an exchange shall not extend UTP to a security unless the exchange has in effect a rule or rules providing for transactions in the class or type of security to which the exchange extends UTP. The Exchange has represented that it meets this requirement because it deems the Notes to be equity securities, thus rendering trading in the Notes subject to the Exchange's existing rules governing the trading of equity securities.

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,¹⁴ which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotations for and last sale information regarding the Notes are disseminated through the Consolidated Quotation System. Furthermore, the IIV, updated to reflect changes in currency exchange rates, will be calculated and published by a third-party service provider via the facilities of the Consolidated Tape Association on a 15-second delayed basis throughout the Exchange's Core Trading Session. In addition, if the listing market halts trading when the IIV is not being calculated or disseminated, the Exchange would halt trading in the Notes. The Exchange has represented that it would follow the procedures with respect to trading halts set forth in NYSE Arca Equities Rule 7.34.

The Commission notes that, if the Notes should be delisted by the listing exchange, the Exchange would no longer have authority to trade the Notes pursuant to this order.

In support of this proposal, the Exchange has made the following representations:

1. The Exchange's surveillance procedures are adequate to address any concerns associated with the trading of the Notes on a UTP basis.

2. The Exchange would inform Exchange members in an Information Bulletin of the special characteristics and risks associated with trading the Notes.

3. The Exchange would require its members to deliver a prospectus or product description to investors purchasing Notes prior to or concurrently with a transaction in the Notes and will note this prospectus delivery requirement in the information circular.

This approval order is conditioned on the Exchange's adherence to these representations.

The Commission finds good cause for approving this proposal before the thirtieth day after the publication of notice thereof in the **Federal Register**. As noted previously, the Commission previously found that the listing and trading of the Notes on NYSE is consistent with the Act. The Commission presently is not aware of any regulatory issue that should cause it to revisit that finding or would preclude the trading of the Notes on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for the Notes.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁵ that the proposed rule change (SR-NYSEArca-2006-90) is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁶

Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54960; File No. SR-Phlx-2006-83]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Minor Clarifying Changes to Phlx Rules Governing Registration

December 18, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 6, 2006, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Phlx. The Phlx filed the proposed rule change as a "non-controversial" rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to make minor clarifying changes to Phlx rules governing registration. The text of the proposed rule change is available on the Phlx's Web site (<http://www.phlx.com>), at the Phlx's Office of the Secretary and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

¹¹ Section 12(a) of the Act, 15 U.S.C. 78f(a), generally prohibits a broker-dealer from trading a security on a national securities exchange unless the security is registered on that exchange pursuant to Section 12 of the Act. Section 12(f) of the Act excludes from this restriction trading in any security to which an exchange "extends UTP." When an exchange extends UTP to a security, it allows its members to trade the security as if it were listed and registered on the exchange even though it is not so listed and registered.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange recently amended Exchange Rules 600, 604, 620, 623, and 1024 and Equity Floor Procedure Advice ("EFPA") and Option Floor Procedure Advice ("OFFPA") F-25; and adopted EFPA F-34 and OFFPA F-34 to create a more efficient, centralized registration process by migrating from a manual paper-based Exchange procedure to the National Association of Securities Dealers, Inc.'s Web Central Registration Depository ("Web CRD") process for registration and processing of fingerprints.⁵

The purpose of this proposed rule change is to further clarify Exchange Rules 600, 604, 620 and 1024 and corresponding EFPAs and OFPAs F-25 and F-34, as they relate to the new Web CRD process. The Exchange believes that the clarifying language should help all members, participants, and member and participant organizations to better understand the rules relating to Web CRD.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest by clarifying Phlx rules and corresponding EFPAs and OFPAs in connection with providing information to Web CRD.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

⁵ See Securities Exchange Act Release No. 53612 (April 6, 2006), 71 FR 18798 (April 12, 2006) (SR-Phlx-2006-15).

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁰ However, Rule 19b-4(f)(6)(iii)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Phlx provided the Commission with written notice of its intent to file this proposed rule change at least five business days prior to the date of filing of the proposed rule change. In addition, the Phlx has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change clarifies existing Exchange rules relating to Web CRD. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ CFR 240.19b-4(f)(6)(iii).

¹¹ *Id.*

¹² For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
